Daddy's Little Princess

Monica, our first sexy starlet to be featured in Incest Magazine, recently moved to Los Angeles. She is more than excited to bare her beauty in our pages and told us she can't wait to get the issue so she can show her parents. Don't worry, Monica... we'll send free copies to each member of your whole family!

Why are you so excited to pose for Incest Magazine?

Omigod! This is going to be the coolest magazine ever! When I told my best friend Ashley about it she was so jealous. But since she can't pose in your magazine, her daddy said he would be happy to take his own pictures of her for her family.

So how did you get started fucking your family?

My parents have always loved me and tucked me into bed at night with hugs and kisses. But when I started growing boobies, daddy would give each of my tingly nipples a kiss, too! He told me that fathers have a special kiss that makes their little girls' nipples big and puffy! I know he was just teasing me, but after five years of kissing, licking and

nibbling on my nipples, they've grown super puffy. Maybe he was right after all!

Sounds like your daddy really loves you!

He sure does! I remember when all the other girls were starting to get hair on their pussies and mine was still so smooth. I cried and cried! Mommy told me that its only a matter of time before my pussy starts getting hair. But I was still sad, so she asked daddy if he could help. He told me he knew a very special way that fathers help their little girls grown pussy hair! So each night mommy and daddy tucked me into bed, mommy would hug me and lay me down in bed, then she would watch daddy kiss and tenderly nibble both my sensitive little nipples... and then he would take out his sexy, hard cock and get between my legs and rub the hot, thick head on my smooth pussy lips!

Wow! How did that feel?

It was so fucking amazing! My pussy tingled and quivered each time daddy rubbed his cockhead up and down my slit. I especially loved it when it would bump against my stiff little clit. OMG! My pussy got so excited to feel

daddy's thick cock that it would get so wet and juicy! But daddy said this was good—my pussy juices that mixed with the drips from his pee hole would make a special cream that helped grow pussy hair on little girls like me. And guess what? After a few weeks, I noticed I was starting to grow hair down there!

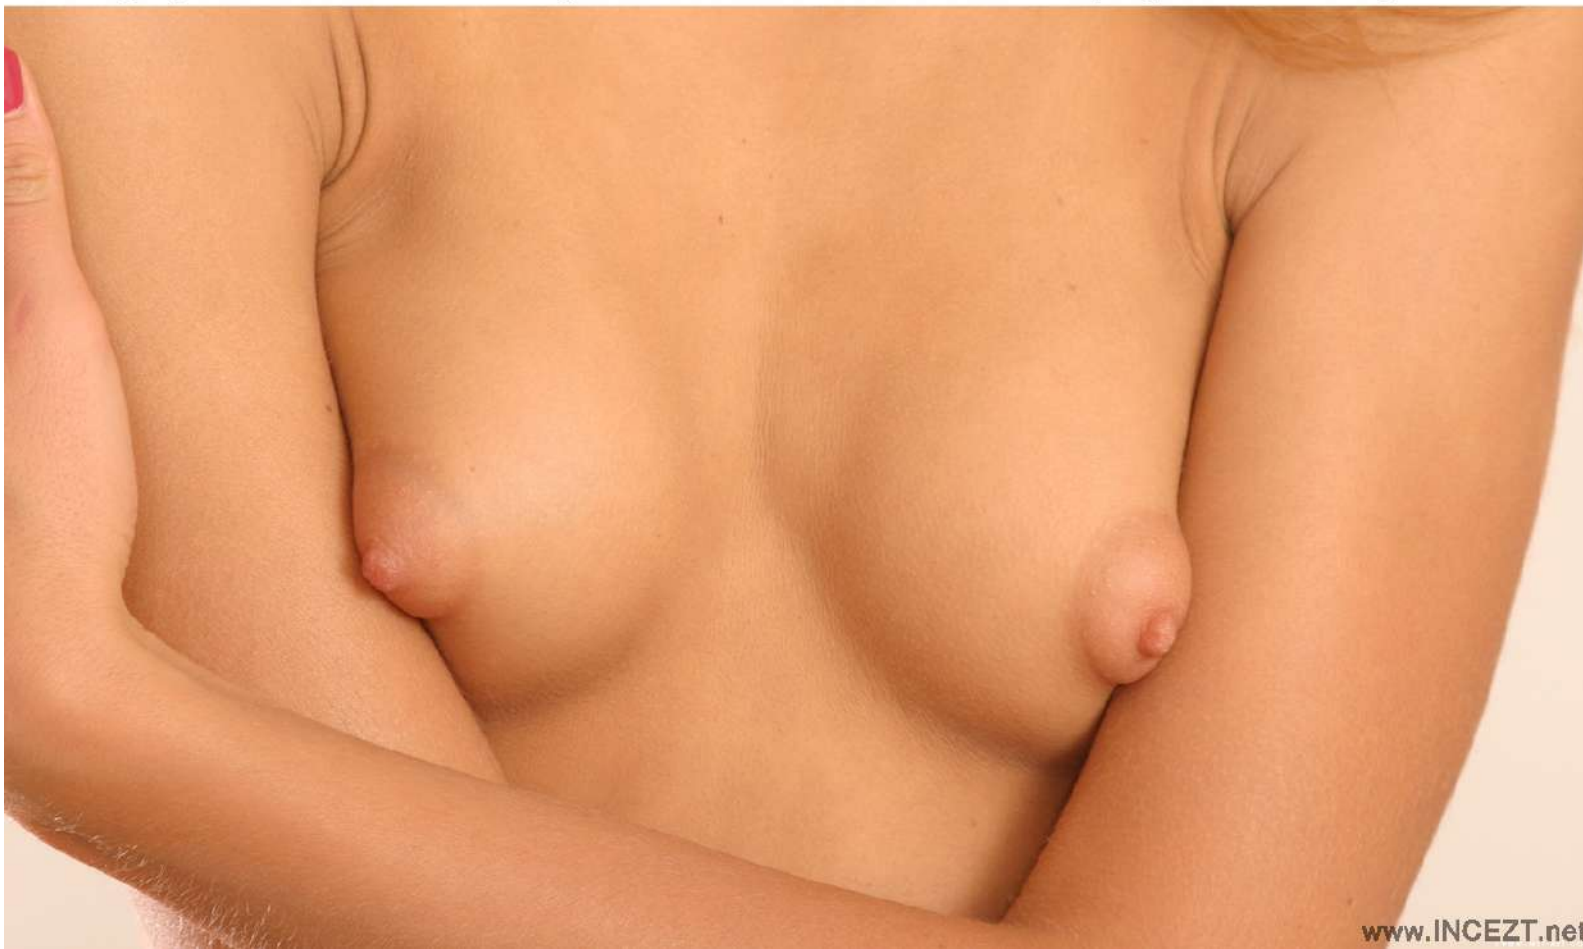

That's great! So it really worked!

(Giggle) Well, I don't know if it was true or not. I think daddy probably made it up just so he could kiss and lick my nipples and touch his big daddy cock against my sweet little cunt... but it seemed to do the trick! And it felt so fucking good that I wanted to do it more and more to

make my pussy feel sexy rather than grow hair! (hee hee)

Wow, you are one lucky little girl!

I'm not the only one—I told Ashley and her little sister Nikki to give it a try. Nikki wanted so badly to be the first little girl in her class to get hair on her pussy, so she asked her daddy if he would

do the same thing and rub his
cockjuice on her cunt.

And did he?

Of course, silly! What loving
father would say no to his own
little girl? And Nikki's parents
were so excited to help out
that they even did more! Her
mommy would rub her daddy's
cock against Nikki's pussy until
he would squirt his cum all over
her cute little cunt. Then Nikki's
mommy would get down and
lick it all up, making sure that
Nikki's clit was nice and clean...
just like it should be for bedtime!

**Amazing! You two certainly
sound like you have such loving
parents.**

Yeah, I wish all little girls would
have parents that treated them
as loving and tenderly as our
parents do. The world would
definitely be a better place!

Friday night

Tonight I was all ready for bed and I was waiting for the bathroom to be free because I had to do a pee-pee really bad. I knew I should have gone before Daddy went in to take his bath but I just didn't think. I felt a little warm stuff squirt out and my hand was all wet where I was holding onto my pee place and I said The pee is coming out Daddy hurry up. So I opened the door and went in and showed Daddy my nightgown was all wet and I pulled it off over my head and sat down on the toilet. I had to pee so bad and the pee came out so fast it sort made a hiss like a snake and splashed against the side of the toilet. Daddy said You look like you're playing games with your pee! Do you like doing that? and I said I don't know I never did it before. It felt really good to pee after I had to go so badly I said. Then I wiped my pee-pee and dried it off and left Daddy in peace.

Saturday night

Tonight I was doing my homework and I remembered how I had to pee last night when my Daddy was taking his bath. The more I thought about it the more I felt like I wanted to pee again. Then I heard him come upstairs and go into the bathroom and run the bath. Maybe it was the sound of the running water that made me have to pee

again even worse. I squeezed my legs together and kept the pee in and it felt sort of nice to hold it in like that. I wonder how long I can hold it in I thought and when it felt like it was going to come out I put my hand over my pee-pee and pushed on it and it kept the pee in. The more I held it, the nicer it felt, sort of a tingly feeling. But after awhile it felt like I was going to pee by accident again like the night before, only this time I was wearing my skirt and underpants and everything. I held it as long as I could and then I went to the bathroom door and banged on it like before.

I have to go really bad I said So come in then he said and just as I ran into the bathroom the pee squirted out into my underpants and ran down my leg, all warm. I was so surprised the pee stopped coming out and I lifted up my skirt and looked under it at my underpants and so did my Daddy. My underpants were all wet over my pee-pee and I could see my pee-pee crack right through them like they weren't there at all. I relaxed a little and my pee-pee relaxed too and some more pee came out while I was standing there! My underpants got wetter and some more pee went down my leg.

I said that feels funny Daddy, sort of a nice warm feeling. He said Well if you like the feel of peeing in your underpants, see what it feels like to do a whole pee in

them. Okay I said and I took my skirt and T shirt off so they wouldn't get wet and got onto the toilet just wearing my underpants. I said Here it comes Daddy and he sort of lifted up and looked over at me and I looked down at my pee-pee and held my legs apart and then relaxed and let the pee come out. It felt all funny and warm because it sort of filled up my underpants a little and pushed them away from my pee-pee crack before it ran out into the toilet in a sort of goldy stream.

Does that feel nice honey? asked Daddy while I was still peeing and I said Oh yes it's lovely and hot! I made the pee slow down then and just dribble out so it would last longer. I'm just peeing a little now Daddy I told him, it feels nice when I let the pee come out slowly. I pulled the middle part of my underpants off to the side so he could see my pee-pee and the pee coming out of it. I can't see it very well, he said, because your peehole is inside your pee-pee, so I spread my legs wide apart and held my pee-pee parts apart so he could see my pee hole. See Daddy. I said and I let a little pee dribble out my pee hole, see I can make my pee stop and go. Well so you can, he said, looking really close, do it again, and I let the pee come out just in a little dribble and then in a faster stream while my Daddy watched. What does it feel like when you let it come out slowly and it dribbles down over your pee-pee, he asked. Does it make it nice and warm? Yes I said and I leaned

and it's getting my underpants all wet and warm. I can see right through your underpants Tracy said, and the pee is making them stick to your pee-pee crack. I know I said, that's the way it was when I did it last night when my Daddy was here.

I let some more pee come out and dribble down my leg and then I said, Oh it feels so good to pee like this! I'm going to do it all while I stand here, can I? I faced her while she knelt in front of me. This way I can see better she said and I said Okay and let the pee come out some more. Yes, those underpants could be the problem, she said, I think I'd better see how it is without them, shall I? You mean pull down my underpants and watch me pee without them on? I said. Yes, she said, is that okay? Sure I said, I've never peed standing up before, when my Daddy watched me the other night I was sitting on the toilet, and then I stopped peeing while Tracy pulled down my underpants and I kicked them off.

Now you can pee again she said and I looked down at my bare naked pee-pee and saw the pee dribble out and down my legs all warm like before. This is fun I said and she said it feels nice, doesn't it, and I said Yes and she said do it a bit faster, see if you can make it come out higher up on your pee-pee. So I tried but the pee hit my pee-pee lips and dribbled down like before. It's no good I said It hits my pee-

back so the pee would dribble over more of my pee-pee before it dropped off into the toilet. After I finished doing my pee I went and got ready for bed.

Sunday:

This morning after breakfast Tracy my new Mommy said to me Your Daddy was telling me how you peeds in your underpants last night, maybe you peed in them because they are too small and you need new ones. I think I have to pee now, I said, Shall I show you? I like Tracy because she's only 21, nearer my age of thirteen than my real Mommy and she's pretty, too. Daddy married her after my own Mommy ran off with the Minister last year. I told her how I was holding my pee in because it felt good and how I held onto myself by my pee-pee and showed her how I did it. I peed when I came into the bathroom I said and she said Wait a minute I can't see if you have your skirt on, can I, better take it off, and your T shirt too, we don't want to get them wet, do we.

So I took off everything except my underpants and she sat on a chair and watched me. Stand in the bathtub she said, then it won't matter how much you pee. I relaxed my muscles and looked down and let a little squirt of pee come out into my underpants. Ahhh, I said and she said Does that feel nice? and I said Ooo yeah! It's all hot and tickly

pee so Tracy said Well hold your pee-pee lips apart and then the pee won't hit them so I squatted a little with my legs a bit apart and used both hands to pull my pee-pee crack parts apart so the pee wouldn't hit them. Ah, that's better she said, I can see it much better now, I can see your peehole all open with the pee coming out of it, just like your Daddy told me you showed him last night.

It feels funny to pee standing up like boys do, because I had seen my Daddy peeing sometimes. I made the stream go in different places and then it ran out. I felt all funny peeing while Tracy watched me, sort of naughty but it felt good to have someone else watch me do it, just like I liked my Daddy watching me. I like you watching me pee, I said to her. Do you, she said, well that's good because I like watching you pee. It makes my pee-pee feel all funny I said, does it do that to you? Yes she said, you're right, it does. It felt all funny and nice when my Daddy watched me do it too, I said. Well said Tracy I think you need some new underpants all right, I will talk to your Daddy about it and we'll see about getting some. I washed myself off and went to bed.

Little Sister's Big Desire

Mommy, so don't you think that I'm old enough to lose my virginity?"

"You're certainly growing up, aren't you, Tracy?" Sharon responded. "Almost fifteen years old now. I remember when I lost my virginity, I was even younger than you are!"

"Were you excited to fuck?" the young nymphet asked, her fresh face gleaming with eager horniness.

"Oh yes. Your mother's cunt was so hot and wet I was surprised I didn't lose it years earlier!"

Tracy giggled. "Yeah, I think it's time I finally fucked, Mommy! Just like you, I've been horny forever! And I know exactly who I want to pop my cherry..."

"Oh, really?" she smiled. "Is it one of those

handsome boys from your class?"

"No, Mommy... it's Robbie!" she giggled.

"Your brother?" Tracy's mom asked with a slight smile, intrigued by the idea.

"Yes! He's always been so loving and caring of me, I know he'll be just the same way when I let him fuck my little pussy!"

"Oh, sweetie! You two have always been such good kids, I'm so proud of you," she beamed. "So when are you planning on letting him fuck you?"

"I can't wait any longer, Mommy! I just gotta have Robbie's cock in my cunt right now!"

"Oh, Tracy!" she smiled, turned on by the excitement of her daughter's eagerness.

"Robbie's in the shower right now... I'm going

to go surprise him while he's naked!"

"Do you mind if I come watch?" she asked politely, hoping she could share in her daughter's deflowering.

"Sure, Mommy, it'll be fun! In fact, you should bring your camera!"

Her mom's cunt quivered at the idea. "Oooh, good idea, Sweetie! I'll do just that!"

Tracy and her mother walked into the bathroom where Robbie was just finishing his shower.

"Hi, Robbie!" Tracy said sweetly.

"Hey Sis, hey Mom... what's up?" he asked, wrapping a towel around his waist.

"Tracy has something special to ask you," her mom said.

Robbie looked down at his adorable sister and smirked. "Yeah?"

"Robbie, Mommy said now that I'm fourteen, I can finally get my pussy fucked!"

"Whoa!" he said, his cock tingling. "Is that right, Mom?"

"That's right, son!" she said, clicking her digital camera.

"And do you know who I want to bust my young cherry, Robbie? You!!"

"Wow!" Robbie said excitedly, his cock starting to grow longer and heavier.

"Would you do it for me, Robbie?" She asked sweetly. "Would you fuck your hard cock up my little teenage cunt?"

"Oh, fuck yeah, Sis!" he said proudly as he removed his towel and displayed his shaved, brotherly cock to her.

"Wow!" Tracy giggled. "Robbie's cock is beautiful, isn't it mommy!"

"Yes it is, sweetie!" Tracy's mother said, taking photos of the two horny little kids. She could feel her own pussy start to moisten at the sight of her sexy kids about to get it on for the first time. "Reach out and touch it, Tracy. Feel the big cock that's going to slide up my girl's cunt!"

"Oh, yes, mommy!" she giggled, and reached out to fondle her brother's prick.

Robbie's sixteen year-old cock quickly began to stiffen at the tender caresses of his little sister's hands.

Tracy happily knelt down and started to kiss his precious cock. She could feel her lips smear with the clear cock honey that started to drip out of his cock tip.

"Your mouth is so hot, Tracy!" Robbie gasped down at her. "Hot and wet! You sure suck my cock good, Sis! Take it in your throat... real deep in your throat!"

Tracy ran her lips down on his cock, feeling the swollen cock head brush her throat. She widened her lips for a moment, then gobbled every inch of his fucker into her mouth. The head of his cock just penetrated her throat, and she opened and closed it about the head of his dripping prick. Her eyes sparkled in triumph as she held his cock deep for a long time. She drew back because she had to breathe, and that was hard to do with his cock in her throat. She slipped her mouth from his cock and moved her lips up and down the prick shaft.

"Mmmmmm, you taste so fucking good, Robbie," she whimpered. "You have the sweetest cock ever!"

She sucked hard on the head of his cock, her tongue licking frantically about his piss hole. Her throat worked in a convulsive way as she gobbled his prick, moaning half out of her mind with pleasure. Her ass kept moving on the floor, the lips of her cunt pulsating in a steamy heat. Tracy was floating in the delirium of sweet sensations.

She popped his cock head from her mouth

and stood up, taking off her skirt and panties. She sat on the counter and brought her knees up.

"See my pussy, Robbie? See where you're going to put your big cock?"

Robbie stared at her cunt. It was different from the cunts he had seen in the magazines, he thought. His sister had a smooth, wet cunt, and she didn't seem to have any hair on her pussy. Her pussylips were naked and pink, and

fascinated him no end. Tracy opened her cunt with her fingers, and reached in to feel the opening with his finger.

Their mom got in close to take close-up photos of her daughter's virgin cunt. Her own cunt was leaking profusely, soaking her panties and making her body quiver.

"Ooooh, I like that, Robbie!" Tracy moaned softly as she felt his finger. "Your cock is getting

so hard!"

Robbie's cock waved about, dripping as he stared at his sister's cunt, anxious to feel his cock in it. He climbed between Tracy's slender thighs, holding his cock at the base. Tracy lifted her ass, offering her hairless cunt to him eagerly. Soon Robbie lifted his face. "Can I put it in you now, Tracy?" he asked, aiming his big prick at her open cunt. The tip rubbing at her pussy lips

and grazing her hard little clit.

"Oh, yes, Robbie!" she squealed, lying back and spreading her legs as far as she could. "I want your cock in my cunt so bad!"

Tracy's mom put the camera down and suggested they go into the bedroom where it was more comfortable. Both kids agreed and hustled into her bedroom, stripping off the rest of their clothes as they went.

Robbie quickly layed down on his back and spread his legs as Tracy bounced onto the bed and sat so their crotches were together.

Robbie rubbed the head of his cock along Tracy's cunt again. He had never felt anything like it before. There was a tremendous heat, and he pushed his cock downward. It slipped along the crack of Tracy's ass, and brushed the small opening of her asshole.

Then he slowly pushed his cock into her seeping, quivering cunt.

"Ohhh!" Tracy moaned. "Farther! Push it in farther, Robbie! Come on, Robbie, do it to me!" She shifted her little ass, lifting it upward.

An inch of Robbie's cock slithered deeper into her fiery cunt hole.

Gripping his hips, Tracy cried out, "Fuck me!" The rounded head of Robbie's cock

penetrated the tight cherry of his little sister. He was as surprised as she was, and they both froze.

"Owwww!" Tracy screamed.

"Does it hurt?" Robbie asked.

"It's okay!" she hissed. "Do it harder. Fuck your cock in me deeper!"

Robbie pounded frantically into his sister's precious cunt, feeling his balls swell and throb.

He knew he was about to come, and wasn't sure if he was supposed to come in her pussy. He didn't know anything about fucking, only that it was the greatest thing yet. It sure beat jacking off.

"Oooh, my pussy... my pussy!" Tracy yelped.

Robbie grunted, driving his cock deep. "Ohhh, Robbie! I think I'm gonna come! I know I'm gonna come! Fuck me real hard, Robbie! Ooooh, shove it hard to me!"

She shook her pretty little ass with frantic hunger, her cunt clutching his cock very tightly. Her eyes were closed, but her mouth was open and gasping with rapture. She bounced her ass up and down as she struggled to take his throbbing cock deeper and deeper into her cunny.

"Ooooh, I'm doing it, Robbie!" Tracy screeched. "I'm coming! Ooooh, my pussy... my

cunt! It's on fire and I'm coming! Oooh, God! It's good, Robbie! It's so good!"

Robbie couldn't hold back. When she was coming down from her tremendous orgasm, he pulled out and stood up on the bed.

"Tracy, I'm about to come!"

"Okay!" she yelped, kneeling in front of him with her mouth open. "Mmmmmm, in my mouth, baby!"

With a loud grunt, he spurted his jism into his sister's mouth.

"Ohhh, Tracy!"

Tracy let out a muffled moan of ecstasy as a hot splash of come juice burned against her throat. She groaned with rapture and swirled her tongue swiftly, her hands jerking his ass down, driving the head of his cock deep into her throat. The pulsations of his cock against her lips sent

her cunt into another rippling orgasm, and she strained her lower body back and forth, her cunt clutched with a wild, tight orgasm.

The thick gushing of Robbie's come juice filled her mouth, spewing so swiftly she couldn't swallow fast enough. His boiling come dribbled down her chin and onto her succulent little tits.

"Suck that come juice, Tracy!" their mother urged, seeing her daughter with her lips about

Robbie's cock. "Eat it up, honey! Swallow his come juice! Suck Robbie's cock, baby!"

Robbie groaned as he stopped coming, and Tracy pulled his prick far into her mouth, the creamy juice gleaming on her stretched lips. With a sob of delight, she let Robbie's cock go, and began licking feverishly at his wet balls, lapping the juice up greedily.

"Ooooooh, I like it!" she gurgled and drew her face up. "Robbie, your come juice is so good! I wanna suck cock again and again!"

Their mother managed to take a few final photos, weak and glowing. She sat on the side of the bed, her cunt tingling from what she saw.

"I thought you'd never stop coming," she laughed. "That was one damned big come, I'll tell you!"

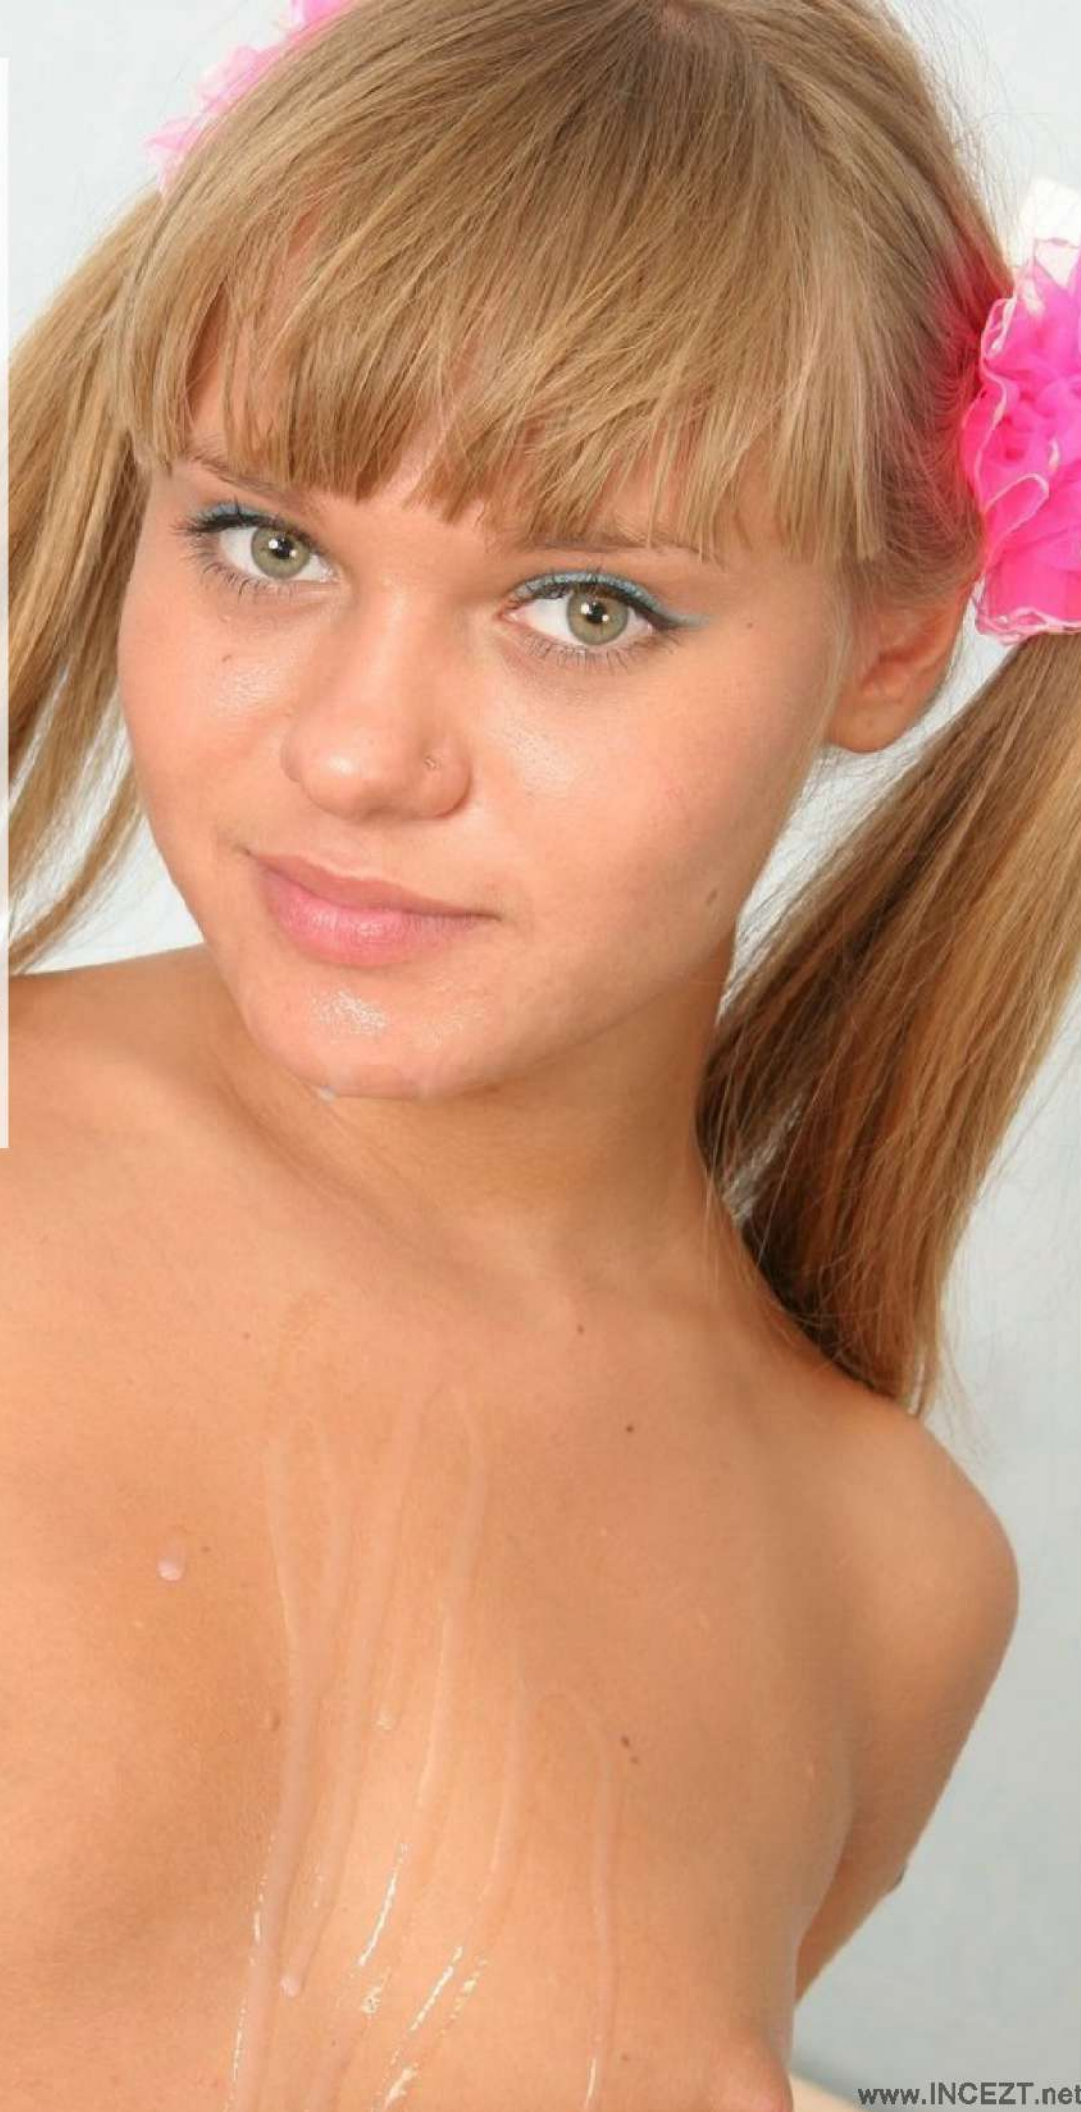

Robbie giggled as he looked over the side of the bed at his mother. "Mom, Tracy sucked it up! She really sucked my cock! And she swallowed it, too!"

Sharon sat up weakly. "I knew she would," she said. "Robbie, your sister is a first-class little cocksucker."

"No shit," Robbie said, gazing at his loving sister. "I can hardly wait to fuck her cunt again, Mom!"

"Well, Tracy..." her mother asked, "what do you think of your very first fuck?"

"Great, Mother!" she said, her eyes glowing. "That was the best first fuck any girl could ask for!"

Incest Does a Body Good

Dear **Dr. Incest**,

My husband is kind of a health nut. He insists on giving our two little girls complete and balanced meals each and every day. Anyway, he read online somewhere that a serving of fresh cum juice has loads of healthy protein and other nutrients. Since then, he's been sneaking it into our kids' meals... for example, squirting some into their yogurt in the mornings, dripping it into their hot cocoa in the afternoons, or even shooting a big load all over the homemade pizzas he makes. I wasn't sure about it at first, but after watching him do it a few times I have to say I get really turned on seeing his thick cum squirt all over a bowl of popcorn, then my pussy even starts quivering when I see him serve it to our kids and they happily gobble it up. Is he correct about the nutritional benefits of his cum?

Sincerely, Rebekah in Florida

Dear Rebekah,

Your husband is correct. While mostly comprised of water, the male ejaculate does contain protein, zinc, Vitamin C, and other trace minerals. Your kids only benefit from ingesting his cock juice. However, while it may be fun and naughty to squirt his cream over your kids' food, it may lose some of its nutritional value between the time he cums to when your kids slurp down his tasty treat. I recommend having your kids drink your husband's cum juice directly from his cock to maximize its nutritional value. Have them kneel in front of him before school or before bedtime and get a dose of your husband's potent squirts. You can even help him by jerking him off into their mouths. Try aiming his cock so that each pump of his sticky stuff goes in one mouth, then the other, and so on. This assures each child gets an even dose. And don't forget to encourage them to lick up any dribbles that remain on the tip of his cock. Every last drop counts, especially when we're talking about your children's health. One way to help your kids to get healthy doses of their Daddy's love cream is to encourage them to ask for it when they get hungry. Your husband will love to squeeze out a dose of nutrition whenever they

feel the need. And don't let him waste it! Make sure that if he feels the need to jerk off when you're not around to only do it when the kids are around so they can benefit from his orgasms as much as he does. You could even prevent him from squirting on your back or your stomach or even the bedsheets when you two make love by bringing the kids into watch you to fuck so they can be ready to lap up Daddy's tasty treat when he pulls out of you.

Daddy Teaches Son

Dear **Dr. Incest**,

My son Kevin saw me naked in the bathroom the other day and was amazed at the size of my flaccid cock. I told him everybody's cock is about this size when they grow up. He pulled down his shorts and showed me his boycock. He wanted to know why his was so much smaller. I explained as best I could that cocks grow to the size of Daddy cocks as boys mature. But he still wasn't convinced. He said that lots of other boys at school had larger dicks and his was just unusually small. He left the room saddened. What can I do to help get him through puberty until his cock reaches full size?

Franklin in Oregon

Dear Franklin,

It's normal for a child to experience feelings of inadequacy when their body is changing. Since the simple truth wasn't convincing enough for him, I suggest making him feel comfortable with his current size by doing a few things. First, let him walk around the house naked so he can get used to the feeling of his cock on display. When you see him, comment on how big his cock looks and how proud you are of Kevin's big dick. Second, tell him that having someone rub his butt while he's laying down helps stimulate growth. You can do this while watching TV or a movie. Simply let him lay across your lap and gently massage his butt cheeks while he's there. While this obviously doesn't actually stimulate growth, it helps reassure him that he's doing everything he can to improve. Finally, you can tell him that you'll try helping his cock grow

by letting it learn a larger cock such as yours. Let him see and feel your cock, let him watch it grow hard and even cum. Tell him that if he rubs his cock against your own, it'll help it grow. Also, to help grow his confidence (and his manhood), try giving it a kiss before he goes off to school. To top it all off, suck on the tip of his cock before bed each night. I'm sure he'll enjoy it as much as you will, and before you can say 'squirt it out Kevin', he'll be happy to see his cock grow to such a length that it will impress you, himself, and even his friends.

Little Sister Wants to Play

Dear **Dr. Incest**,

Hello! :) My name is Cindy. I live with my Mommy and older brother Kyle. Kyle just started college. He lives at home with Mommy and me. Mommy says its good he went to college dose by because its cheaper to stay at home. I'm really glad, too. Because I like to peek at him in his bedroom. :) He's always playing with his pee-pee a lot. I sure like watching him. Sometimes he only wears his underwear around the house and I can see his big thing in his shorts. It makes my pussy tingle! ;p One time, I snuck into his room when he was at school and found some magazines under his bed. They were naughty! One was called 18Eighteen. Another was called Barely Legal. But my favorite was an old one that had pictures of little girls my age doing all sorts of things! ;) Mommy says that all boys have naughty magazines like that. But Dr. Incest I really wish Kyle would look at me like he looks at his magazines. I wish I could sit next to him and watch as he plays with his big hard pee-pee. But I'm too scared to ask him. I just know he'll get upset. Mommy doesn't think so. She says he'll be happy to let me watch, and do other stuff! What should I do, Dr. Incest? How can I get my big brother to start playing naughty things with me?

Hugs and Kisses, Cindy in Nebraska

Dear Cindy,
You sound like a very pretty young girl! If only all

boys had sweet little sisters as special as you. Cindy, I think I know just how to help. Have your Mommy take you shopping at Pink or Victoria's Secret. Buy a few of the sexiest panties you can find. Panties that will surely make Kyle's pee-pee get big and hard! Then, find an evening when he's home in his room. Put on your favorite pair of sexy panties and go knock on his bedroom door. When he lets you in, walk up to him and pull up your skirt and show him your brand new panties. Say, "Do you like my new panties, Kyle?" Find what he thinks of them. Spin around so he can see the front and the back. Does he think you look cute in them? Does his pee-pee get hard looking at you? I think you'll find that he will be more than excited about your panties! And if he's like any other boy his age, he'll want to get an up-close look at your pretty panties! When he does, tell him he can feel them, even kiss them! I think you'll be surprised what will happen after that! Good luck!

Watching Her Son Pee

Dear Dr. Incest,

I love watching my son pee. Is that wrong? I just get so excited when I see him standing there in front of the toilet bowl with his big cock hanging out. He pulls his underwear down to his knees so I can gaze at his perfectly shaped ass cheeks. They look so soft and tempting. I just want to caress them while he drains himself of pee! And then when he starts to pee, it's just magical. I love the sight of his beautiful cock shooting a thick stream of urine into the bowl. I love the sound it makes when it splashes the water. And I love the little jerk his hips make when he squeezes the last drop out of his precious prick. Why do I love to watch my son pee so much?

Shelley in Utah

Dear Shelley,

It sounds like you're a big fan of watersports, and get even more turned on when it's your son who's doing the peeing. Firstly, there's nothing wrong with enjoying the sight of your son urinate. Does he mind you watching? If not, have him let you know when he's about to take a piss so you can always accompany him to the bathroom and watch. Don't be shy - let him know how much you love him by kneeling next to him and watching his cock piss closely. Knead his butt as your face is up close to his pecker. Also, you can try peeing at the same time - sit down on the toilet seat and spread your legs wide so he can piss into the bowl at the same time as you do. Have a competition to see who can pee the longest! You can even reward him after he's done by giving his boycock a nice kiss on the tip. I'm sure he'll love you even more for it!

Daddy's Cock, Uncle's Cock, or Brother's Cock?

Dear Dr. Incest,

I just can't decide who to chose to be my first—my uncle, my father or my older brother. They all want to be the first into my virgin pussy. Mommy even had them to line up naked in front of me and let me see their hard,

sexy cocks to help me decide which one I would rather have fuck me. It was great! I slowly and lovingly fondled all three. Daddy's cock was the biggest, long and thick, and his balls were huge! Mommy says he squirts more cum than she's ever seen. My uncle had a shorter cock, but it was still pretty thick. And my brother was the smallest, but mommy says he's actually big for his age. He only had a little hair at the base of his cock, but his big balls were completely smooth. I loved how they felt, especially against my face! But I just can't decide! Who should I pick to fuck my horny little cunt, Dr. Incest?

Krista in New Jersey

Dear Krista,

You are one lucky girl! So many willing cocks to choose from! I would suggest you take some time to decide exactly which cock you think will be perfect for your first time. Your mommy's suggestion of lining them up so you could inspect them was a great idea. I think you should take it a little farther and see what each cock feels like in your mouth. See how much of it you can take. Suck on their sexy cocktips, lick their warm balls, get a sense of what they will feel like in your pussy. Next, lick the pre-cum off their tips to see how they taste. If you don't know what that is, have your mommy show you—it's that clear, sweet juice that seeps out of their pee-holes when they're horny. Trust me, it tastes amazing! Finally, have them cum in your mouth. Get a sense of how much jizz each cock can squirt. And take note of how each of them taste. Remember, this stuff is going to fill your tender little pussy, so you want to make sure you get the best cum! Once you've done all that, you should have an idea which one you want to fill your hot girl-pussy for the first time. And, if you still can't decide, then have a big fuck session with all three of them at once! That will certainly make for a memorable first time! Good Luck!

Exhibitionist Mommy

Dear Dr. Incest,

I know I shouldn't but I just can't help myself. Every time I come home from the mall with new clothes, the boys ask me if I can model the new clothes for them. I readily agree because I love to have them looking and staring at my body. It sends thrills throughout my body, my nipples stiffen and my cunt gets so wet. But lately, I've been buying some very sexy items and modeling them for my four kids. Bras, panties, even cupless bras and crotchless panties. My sons to love it! My seventeen year-old tells me I'm a 'sexy bitch', my fourteen year-old calls me a 'hot mama', and even my little thirteen year-old twins tell me that I'm the prettiest Mom they know. My pussy gets so wet when I hear that from them. Am I bad Mom for showing off my clothes to my darling boys?

Tracy in New Jersey

Dear Tracy,

On the contrary, I think you're one of the best Mommies those boys could ever have! If showing off your new clothes, including your naughty underwear gets you excited and gives you a thrill, then by all means, let your sons enjoy the show. They seem to enjoy watching you as well. It might even be fun to let them touch your lingerie,

you could even wear the crotchless panties and have them feel what crotchless panties are like! Try and tell them that you'd like to see them do the same for you! Sit down on the couch with a nice cup of tea while your strapping young sons strut their stuff in front of you showing off their tight underwear and bulging crotches! Make it a fashion show for the whole sexy family!

Daughter Loves Spanking

Dear Dr. Incest,

I'm worried my daughter is starting to get too excited when I spank her. It seems like she sometimes tries too hard to get in trouble so I will spank her. And when I do, she seems happy to pull up her skirt and lay on my lap with her little pink panties above my crotch. After I've spanked her little bottom, she asks me to rub it, which I do. I've noticed she seems to like the feel of my hand on her little butt. And last week, I noticed a tiny wet spot on her panties after I was done. Is my daughter a freak? Why does she like to be spanked? What should I do about it?

Richard in Texas

Dear Richard,

No, your daughter certainly isn't a freak. It sounds to me like she's getting a sexual thrill from being spanked by her Daddy, which is completely normal, and coming from someone who use to be a little girl who loved getting spanked, it can be very exciting! Many young girls enjoy the feeling of their fathers giving their tender little butts a good spanking. My suggestion is to make her spanking sessions even more exciting for her. Spank her slowly, let her enjoy the feeling of your warm hand on her butt. Lovingly rub her tender cheeks between slaps. You can even tell her to take her panties off. She will love the feeling of your hand on her naked bottom! Don't be afraid to trace your fingers in between her cheeks when you caress her. Let her feel your fingers all over her butt. For an exciting change of pace, change positions. Have her stand sideways in front of you and put your hand over her cunt to hold her in place, then spank her with your other hand. Don't worry if you suddenly feel steamy pussy juice all over your hand! If she's not wearing panties, you can even slide your middle finger inside her quivering cunny while you spank. You'll both love it! Another sexy position is to kneel down on a bed and have her lay on her stomach in front of you with her butt propped up and her knees on each side of you. This gives you a great view of her creamy ass, but also lets you pay close attention to her wet, tingly pussy! Let her know you love her by rubbing your fingers across her cunt slit now and then. It will drive her wild! When your spanking session is finished, show her you're not mad anymore by giving her tiny bottom a few kisses on each cheek, then kiss her between her legs. Lick up all her sweet cunt-honey! After all, she can't put her panties back on when she's all slippery like that!

Mommy's Horny Boys

Horny Mom's send in their favorite photos of the hot and sexy boys that turn them on!

Kissably close!

"This is by far my favorite picture of Steven. He let me take a picture of his cock just before he shot a huge load all over his little sister's face. Isn't it beautiful! It just makes me want to gobble it up!"
— Karen, South Carolina

Exhibitionist Boy

"Billy always has a hard-on... and he just loves parading around the house showing it off in front of his family. Sometimes he even answers the door naked. The UPS lady certainly loves delivering to our house!"
— Pamela, Michigan

Showing off for Mommy

"He's only fifteen, but Rodney's cock is bigger than my husband's! He knows I like to admire it, too. He walks around the house naked and isn't ashamed to start stroking his stiff prick in front of me while we're watching TV. Soon I bet he'll even start cumming in front of me!"
— Sandy, Iowa

Time for a Spanking

"Sometimes I wonder if Eric does naughty things just so he can get a spanking from me. I make him take off his clothes, lay down on the bed and spread his legs. I kneel behind him and spank his cute little butt, happily watching as his cock gets harder and harder. Sometimes I even let my finger tickle his butt hole while I rub his sore butt!"
— Karla, Nevada

Modeling for Mom

"When I asked Mark if he could model for the art class I teach while he was on summer break from college, I was more than excited. He had no inhibitions about showing his naked body to my Junior High class, he even had a hard-on while he did it! More than a few of the girls commented to me how handsome he was, and I definitely saw a few of them rubbing their panties!"
— Shelly, Oklahoma

Ricky without Underwear

"Tony hates to wear underwear, especially when his young dick gets hard. He doesn't like the feeling of it confined to his briefs, so I let him go without. I'm not ashamed to admit that I enjoy gazing upon his firm, thick prick! And I know his little sister loves to sit next to him whenever he's naked!"
— Sally, Alaska

Look Mom, No Hands!

"I like to play a naughty game with my son Jeremy. I bet him that I can turn him on so much that his young cock will erupt with juicy cum without him even touching it! I get naked and dance in front of him, licking my nipples and playing with my pussy which gets him so hot. It never fails! Before he knows it, his big sexy cock is spewing white cockjuice all over his stomach!"

— Valerie, New Hampshire

After School Jerk-Off

"My two handsome sons love to sit on the couch after football practice and play with their big pricks! Their favorite thing to watch while they jerk-off together is the X-rated videotape they found that I made for my husband. They always shoot their cock cream all over their stomachs right when I cum on the video and squirt my pussyjuice on the bed!"

— Shawna, West Virginia

Gushing a Load

"Watching my youngest son squirt his precious cum is more fun than anything in the world! He gets so excited when I watch him masturbate. No matter what I'm doing, he wants me to stop and watch him fuck his hand and gush his juice. I get so horny watching him, I'm even thinking of letting him watch me!"

— Trisha, New Mexico

Inseperable Twins

"Jason and Jeremy were only thirteen when I found them playing Doctor with each other. I was so happy they were learning how to make each other feel good by playing with their hard little cocks and fondling each other's balls. I couldn't wait to show my horny twins all the naughty things they could do with their identical pricks!"

— Melanie, California

Mouth-Wateringly Good

"If there's anything that makes my pussy cum like a pornstar, its seeing my son Kevin's cock drip with pre-cum. That sweet, sugary liquid makes my mouth water and my cunt quiver. When my husband is fucking me doggy-style, I love to watch Kevin kneeling in front of me jacking his cock. I suck the tip of his hot cock and drink all his juice while I cum and cum and cum!"

— Rebecca, Florida

A Goodnight Kiss

"When he was a boy, I use to tuck Andy into bed and kiss him on the forehead. Over time, I began kissing him on his cheeks, then his stomach, then his nipples, and eventually his stiff cock. Now, he says he can't sleep unless I kiss him on his cute little butt hole, but I just can't help myself from kissing him more than once, even letting my tongue tickle his ass and poke at his warm hole!"

— Reba, Tennessee

Incest Interview

Kamilla

Horny since grade school, little Kamilla tells about her first time with Daddy

*Incest Monthly's own **Missy Edwards** traveled to Long Beach, Indiana to interview this month's horny little Daddy's girl: **Kamilla**! Comfortably relaxing in their spacious den with a fantastic view of Lake Michigan, Kamilla is sitting on her Daddy's lap wearing her cheerleader's uniform from school... her Daddy's favorite outfit!*

Good afternoon, Kamilla
Hello!

Are you nervous?

No, I'm always excited to talk about being naughty... just ask my parents!

I see your Daddy is here with you today.

Yes, I don't have my driver's license yet so Daddy took me out of school early for your interview.

OK, are you ready for some sex questions?
Of course!

When was the last time you had an

orgasm?

(Giggles) About fifteen minutes ago. Daddy and I couldn't help ourselves while you were getting ready here in our living room... so we snuck into the bathroom while we were waiting and had a nice quick fuck!

And how did it go?

It was amazing, as it always is with Daddy! He pulled my panties to the side and licked my pussy until I came!

Sounds like you have an amazing Daddy.

Oh yes, I love my Daddy - he's the best in the world!

Tell me about the first time you had sex.

I was almost thirteen and Daddy was tucking me into bed one night. He noticed I was wearing new panties which had a picture of lips on the front. He asked me about them and I said that Mommy bought them for me at the new lingerie store. They're called Kissy

Panties! So he asked if he could kiss them on the lips and so I spread my legs apart and he leaned in really close and kissed them right on the lips!

Did it feel good?

Yeah! I could feel his lips on my pussy and I started to get so wet and excited! I asked him to kiss it again and again, and he started doing it every night as he tucked me in. Then, one day I decided not to wear any panties to bed. Daddy asked me why I didn't have anything covering my little pussy and I told him I liked sleeping naked, and then I asked him if he could kiss me on my pee-pee like he always did.

Did he kiss you on your pee-pee?

He sure did! I spread my legs and held my pussy lips open wide as Daddy kissed me all over my pussy! On my pussy hole, on my pee hole, and especially on my hot little clitty!

Wow! Did you come?

I came in no time! I came so hard that Daddy had to wipe off his face when he was done because of all my pussy juice!

Does your pussy get pretty wet when you come?

It sure does! Even when I was a little girl and I played with my bare pussy it would get really sticky and slippery. My panties were always getting wet! Then when I was in the fourth grade I had my first come. I was in my room rubbing my itchy pussy on my teddy bear when I felt my whole body melt. It felt like every inch of my body was connected right to my pussy and I had this wonderful feeling that I wanted to last for ever and ever. My cunt felt like it was on fire! When I was done, I noticed that my teddy bear was really wet and my bed was, too. I thought I had peed myself! But the next time I did it, I watched my pussy as I was coming and I saw it squirt and squirt as I felt my cunt spasm and I knew that my pussy was coming. I loved it so much! Anyway, when Daddy was kissing me on my pussy, I asked him if he wanted to see my pussy squirt.

I'll bet he was pretty excited when you asked him that?

Of course, silly! He couldn't wait to watch me come and see my cunt squirt its pussy juice all over. Daddy kept his face really close as I played with my clit and slid fingers into my dripping cunt. Within a few minutes I could feel it happening, so I said, "Here I come, Daddy! My pussy is going to squirt!"

And then what happened?

I couldn't believe it! Daddy put his lips on my pussy and opened his mouth as I squirted all my cunt juice right into his sucking mouth! He swallowed it all and licked up anything that dribbled down over my pussy!

Wow! How did that feel?

Better than anything I'd felt in my whole life! And when I was done, Daddy said he liked it better than kissing my pussy and asked if he could thank my pussy. I said sure! So then Daddy pulled down his shorts and for the first time I saw his big cock! He started rubbing it on my cuntlips and said he was going to put his big cock inside my pussy to thank it for giving him all my pussy juice.

And then what happened?

I said, "Yes! Do it, Daddy! Push your big cock inside my squirty pussy!" And for the first time I felt a big thick prick slide inside my virgin cunt, and it was my own Daddy's!

Sounds like you have an amazing Daddy.

Oh yes, I love my Daddy - he's the best in the whole world! And I especially love Daddy's big hard cock! It makes my pussy squirt over and over again!

How often do you fuck your Daddy?

As much as I can. Mommy will only let us fuck once a day, as long as I have my homework done. But on the weekends, we can do it all day long! We do it on my bed, on

my parents bed, on the couch, on the grass out back... sometimes we'll even do it in public places!

Really! Like where?

One time Daddy pulled me into the men's bathroom at a restaurant and fucked me in the stall. It was truly amazing! As his cock was fucking my little cunt I kept yelling 'Daddy! Daddy! Daddy!' You wouldn't believe the look on the guys face who was taking a pee with us! As we were walking out he told Daddy he had a very special daughter!

Her certainly does!

But the best time was when Daddy pulled me into the confessional booth at church. Father Thomas asked Daddy about his sins and Daddy told him he was fucking his daughter too much. He told the priest how often we fuck, what my pussy feels like when his cock is in there, and how I can squirt all over the place! Father Thomas couldn't believe it! When I started giggling, Father Thomas asked if Daddy had me in there with him and he said Yes and told Father Thomas that his cock was in my pussy at that moment! Father Thomas told me to be a good girl and give Daddy a good fucking, so I did! I bounced on Daddy's big cock in the confessional real hard and made Daddy's cock squirt and squirt. The nuns couldn't believe they heard a little girl in there yelling

'Fuck me, Daddy, fuck my little pussy!!'

Holy shit!

No doubt! Daddy and I think Father Thomas was jerking off on the other side of the divide while we were fucking! He thanked us when we were done and told us to keep loving each other and to make sure and bring me back with him to confession every Sunday!

So your Mommy doesn't mind you fucking your Daddy?

No, she really likes it. She gets off on peeking at us from a doorway or a window. That's just what Mommy likes. Then when Daddy's done fucking me he goes back and fucks Mommy real hard, she goes so horny from watching us!

Who wouldn't!

(Giggles) (Kamilla turns to her father and unzips his pants and pulls out his thick, hard prick and starts caressing it before me) Is this okay Missy? Can I touch Daddy while I talk to you?

Of course, I wouldn't want to prevent a lovely little girl like you from enjoying her father's sexy cock!

Thanks! I can't wait to get this in my pussy again! Daddy said that when we're done, I can even pee on his face again! Yippee!

Davy's Loving Mother

by Kathy Andrews

(Fb, inc, mom/son)

Molly stood gazing at her son.

Davy was sound asleep, sprawled on his back. His night lamp was still burning, and he had kicked the sheets to the foot of the bed. His pajamas hung low on his hips, the naked flesh of his stomach showing.

She was wearing a long nightgown, a nylon gown that clung to the curves of her slender body. The top of her gown was lace, and the light-brown color of her nipples showed. She entered her son's room and stood over him, her eyes roaming about his youthful body.

Across his face was a pair of her panties.

This was not the first time she had seen her panties on his face while he slept. She had been peeking in on him for the past week, and each night the panties were either on his face or lying next to his head on the pillow. They were always the same pair of panties. They were pink, trimmed with white lace, the crotch usually turned outward.

Molly was very much aware that some men enjoyed fondling a woman's panties during times of jerking off. She knew they enjoyed the scent of a woman's worn panties, and at times wrapped the nylon about their cocks, to jack off. But that was men, not her son. Davy was young, and she felt he shouldn't know what to do with his cock yet, let alone find pleasure in caressing a pair of panties.

But for a week she had seen him with those same panties near his head or draped over his face while he slept.

She thought the panties had been mysteriously lost while being washed. The washing machine sometimes ate a sock or two, but never panties.

Oddly enough, she didn't feel anger at her son for having them. She felt an unusual tingling sensation between her thighs as she looked down on his sleeping body. One of his

eyes showed through the leg of her panties, and the crotch rested lightly on his lips.

All day she had been wearing the same panties. Molly usually changed her panties at least twice a day, but today was different. Feeling a flush of excitement on her lovely face, she lifted her gown to her waist, and peeled her panties off. She held them up, turning them inside out. They were pink, too, but the whole front was black lace. She brought the panties to her face and sniffed. The scent of her cunt was there, along with two stray dark pussy hairs. Very carefully, she removed the panties from her son's sleeping face and placed the other panties there.

She looked down at him for a while, her eyes straying toward the crotch of his pajamas. The fly gaped slightly, and she leaned over to look closely. She could see the base of Davy's cock, the hint of one ball. Her hand began to itch with the desire to fondle him, to feel his cock and precious balls. Fighting the urge, she left his room, her panties balled in her hand. She tossed the panties into the laundry hamper of the hall bathroom where she was sure Davy would see them in the morning. Then, on an impulse, she stripped her gown over her head.

Molly had rich, dark, chestnut-colored hair, with hot green eyes and a full, wide mouth. Her face was beautiful, as beautiful as any cover-girl model. Her skin was smooth and unblemished, creamy to the touch. Her tits were full and wide-spaced, the nipples tilted upward. She had a small waist and a flat stomach, with just a delicious hint of roundness. Her hips were curvy and her thighs very long and shapely. Her ass swelled out in mouth watering firm cheeks, with a deep, inviting asscrack. The hair of her cunt was shaped like an open fan, with a very faint line of thin hair growing toward her dimpled belly button.

Feeling delicious to be naked in the hall

bathroom, the door wide open, Molly giggled with a lewd sound. She ran her hands to her cunt, parting the thick hair to expose the pinkness of her cunt. Pulling at the lips of her cunt, she parted them until her clit jutted forth. Molly's clit was unusual in that it was extra long, perhaps a full inch. It was the most sensitive thing she had ever touched. Now, she rubbed lightly with the tip of finger over it, her hips jerking spastically as she moaned softly.

She resisted the powerful urge to stab a finger up her cunt and work it in and out, bringing herself to orgasm. As much fun as it was to fingerfuck, she wanted more than a stiff finger up her pussy.

Sighing, she picked her gown up, draped it over her shoulder, and nakedly stepped into the hall. She walked to her room, pausing at Davy's door and looking in at him. If he was awake, he would have seen his naked mother standing there, her green eyes smoldering at the front of his pajamas. Molly trembled with strange hungers, and turned to her room.

The next morning, Davy said nothing.

Molly watched him carefully. Surely he knew there was a different pair of panties on his face than those he went to sleep with. But Davy gave no indication he knew. Dressed in her light summer robe, with a fresh pair of panties on, but her tits naked, Molly prepared his breakfast as he sat at the table. Davy wore his cut-offs, with sneakers on his feet. Cut-offs and sneakers seemed to be the summer uniform of the boys and girls, she thought.

As she turned from the stove, her robe swirled and her thighs were exposed briefly. But Davy had seen her legs, and Molly noticed a quick flare of interest in his young eyes. She wondered what he would do if she untied the robe, let it hang open so he could see her in the

Mommies are for **FUCKING**

by BP

(Fb, inc, mom/son)

One day, after masturbating three times in a row, each time spewing enormous amounts of cum out of my huge, engorged penis, I went down to have breakfast. As I walked into the kitchen, I heard soft squealing sounds coming from the pantry. I peaked around the corner, and through the door, slightly ajar, saw my gorgeous mother furiously jacking off on the washing machine! As one hand worked her dripping wet vagina, the other squeezed one of her breasts under her skimpy white t-shirt. She was moaning to herself, looking down at her dripping love-hole, mouth agape, as if shocked at her own need for an orgasm. Soon, she was there -- with an extra few squeals, she came, juice flooding over her fingers and onto the concrete floor.

I had fantasied numerous times about fucking my incredibly hot mother. She had me when she was only 15 (I don't know who my father was), and I'm 14 now. Her curly, shoulder-length, black hair framed her beautiful little face, with full lips and big, green eyes. Her 29-year-old body was the stuff of legend: she stood only 5'4", but her legs were smooth and lithe, her stomach flat and muscular, her ass full and round, and her breasts... Well, let's just say my Mommy was incredibly stacked. Her tits jutted out from her petite frame with the obscene size of a porn star. They were amazingly round and firm, and I could often see her dark, puffy nipples pushing out of her shirts and blouses even further.

I went upstairs, jacked off for a fourth time that morning, and then went to school without breakfast.

That night, Mommy and I sat watching a movie on TV. We did this all the time -- I'd get home, and after my homework was done, she and I would sit and watch a flick. I'd wear just my pajama pants, and she'd wear just a plain white t-shirt, or sometimes a negligee. We would sit on the couch, sometimes my head would rest in Mommy's lovely lap, under her huge, heavy breasts. Sometimes we'd just sit next to each other.

The film we were watching was getting a little steamy -- a detective was seducing a client of his, and they were going at it pretty good. Soon, I noticed Mommy itching her crotch. She was trying to hide it, but I must have obviously noticed it, since she soon said, "I'm sorry sweetheart. Would you mind if Mommy masturbated a little?"

"No Mommy. But I can I masturbate too?" I

Big Brother Home from College

Kevin put his bags down in the entryway and hugged his Mom. He was so glad to be back from his first year of college.

"Where's Cindy?" he asked.

"Your sister is upstairs in her room. She's been waiting for you all day!" his Mom smiled, giving him a loving slap on the butt as he walked towards the stairs.

He knocked on her bedroom door.

"Come in!" she said softly.

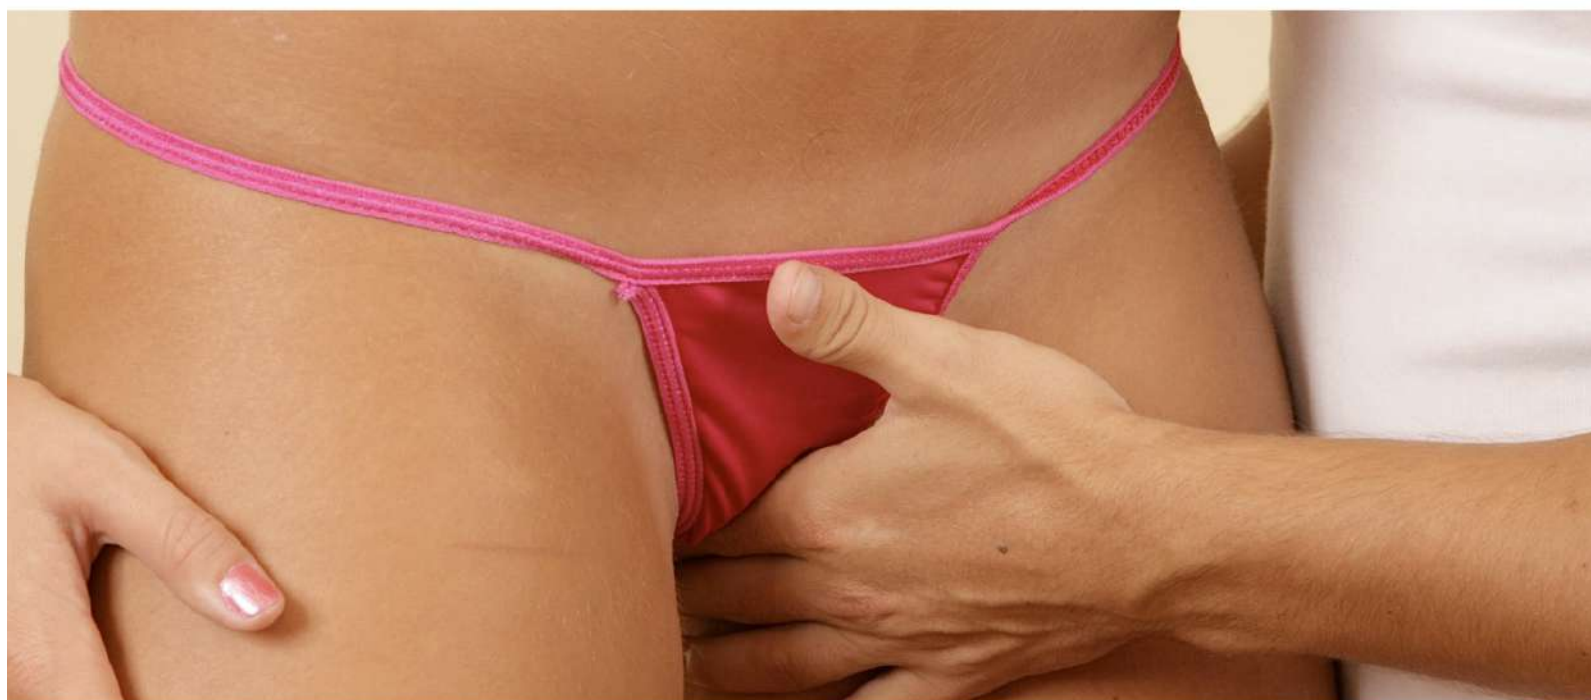

Kevin smiled and entered his little sister's bedroom. He saw her standing in the middle of the room with that same look on her face from when they were younger.

"Hey Sis," he said as he wrapped his hands around her.

"Look at you, Kevin! The college boy!" she giggled. "Did you learn anything at college that you can share with me?"

"Oh, yeah. There's a few things I can think of that I'd like to teach you, Cindy!"

"Then lets not waste any time!" she smiled at him as he slowly pulled up her pink shirt to reveal her supple, young tits.

"Oh, shit! Cindy your tits are so beautiful!" he said, caressing them with brotherly love.

"Wait until you see the rest of me, Kevin!"

He kissed her on the lips and reached down to unbutton her pants. He slowly pulled them down to reveal her pink bikini panties.

"Do you like them, Kevin? I bought them just for you!"

"Oh fuck, Cindy. They're fucking hot!" he moaned as he felt the soft fabric covering his sister's cunt. He slid his hand inside them and felt her steamy snatch. "Wow, you're smooth!"

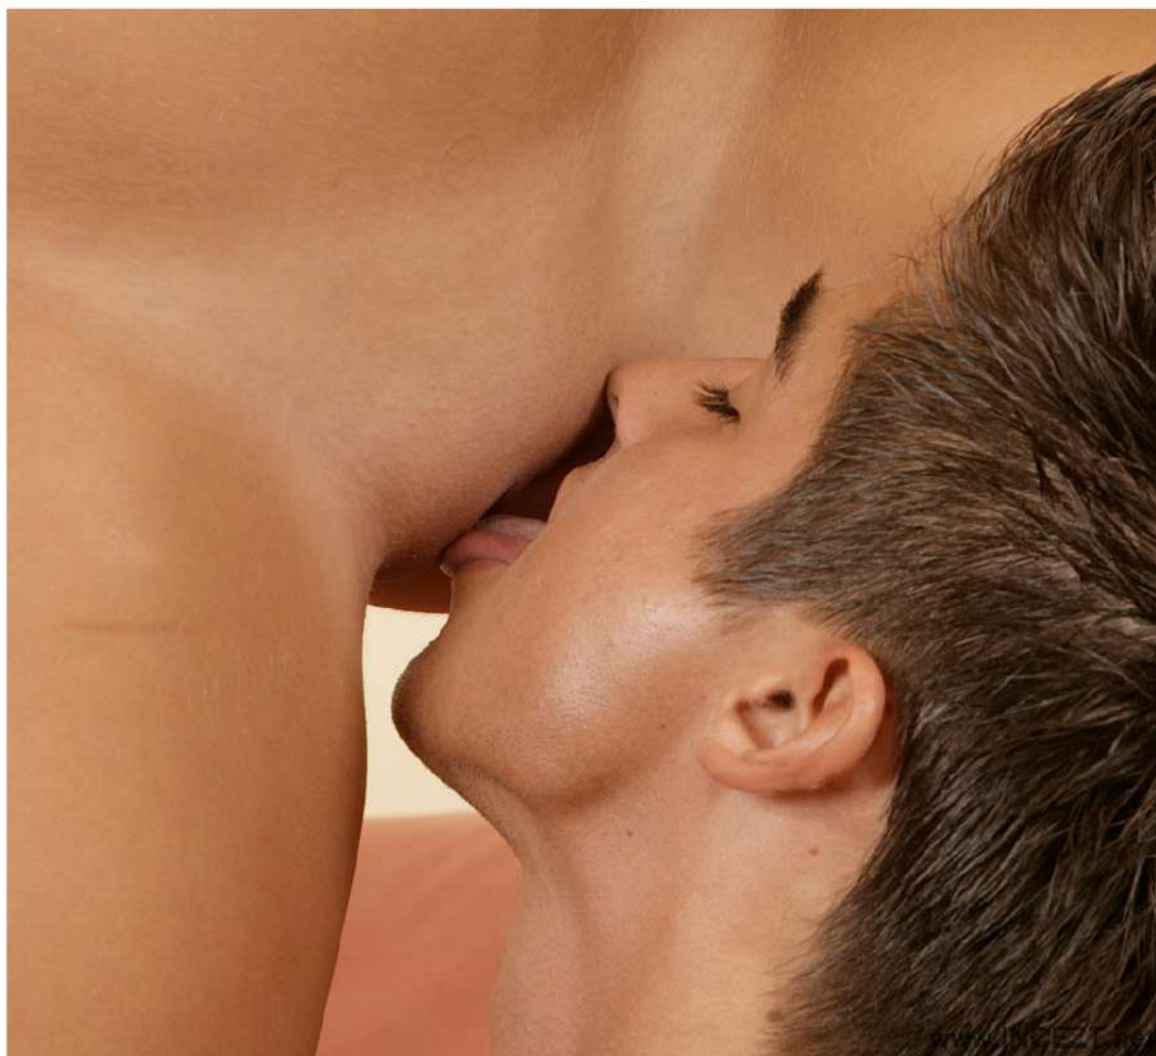

"Of course, I know you always like shaved pussies, Kevin."

He knelt down and turned her around to gaze at her succulent ass, which was hardly covered by her thong.

"Look at that..." he moaned, unable to control his hunger as he cupped her butt cheeks and licked one, tasting his sister's tan, tender skin.

"Take off my panties, Kevin! Please, uncover my cunt!" she pouted.

He did as she wanted, revealing her wet, juicy pussy to his hungry

eyes. Without warning, he leaned in and licked her delicate, glistening snatch.

"Oh, Kevin!" she wailed, squeezing her rubber-nippled tits. "Suck my pussy! Lick my little cunny! Eat your little sister's hot snatch!" Her hips jerked as she felt his squirming tongue slip between her cunt lips and tickle her pink bud.

"Oh, Cindy! Your cunt tastes so good!" he said as she shoved his face harder into her crotch.

"Fuck, Kevin! Is this what you leaned at college, how to lick a girl's pussy?"

"Oh yeah!" he said, breathing hard. "But all the girls I've fucked at college don't taste nearly as good as you do, Sis! Your cunt tastes like candy!"

She giggled. "Then lick it, Kevin! Drink up all my sugary cunt juice! Make my pussy squirt into your mouth!"

Kevin's cock was rock hard listening to his naughty little sister talk to him about her little pussy.

"Let me see it!" Cindy gasped. "I want to see your cock, Kevin!"

He stood up and she kneeled before his crotch, sliding his underwear down to see her brother's perfect cock.

"Kiss it, Sis! Lick my cock and suck it with your mouth!"

"Oh, yes!" she muttered, quick to stick it into her mouth.

Kevin reeled at the feeling of his hot cock surrounded by his sister's sucking mouth. Having his sister milking it with her lips was better

than all the other college girls he'd fucked. She was his sister!

"Oh, Cindy! Your mouth makes my cock feel so fucking good!"

"I bet it does," she smiled up at him. "But I know a place where it will feel right at home!" She giggled at sat him down on her futon, then climbed on top of him, lowering her cunt to his rock-hard cock.

She felt her cunt touch his cocktip and a jolt of excitement shot through her cunt up to her nipples. With a wiggle of her ass,

she slid down onto his dripping prick.

"Oh fuck, Kevin! My cunt is so full with your big cock! Fuck me, big brother! Fuck my little pussy with your hard cock!" she gasped.

"Ooo, your cock is so hard, Kevin!" Cindy wailed. "So fucking hard! Give it to me, baby! Fuck your sister good! Ooooh, ram your sweet, hard cock up my hot, wet cunt! Fuck it... fuck it

hard! Ohhh, fuck me, fuck me, fuck me!"

He grunted as his hips bucked his cock in and out of her seeping pussy, her clit throbbing at the thought of her own brother spearing his college cock into her fifteen year-old cunt.

"I'm going to come, Kevin!" Cindy shouted. "I'm going to come and I'm fucking you and... Kevin!"

The ripples of her orgasm grasped his cock, pulling hard. Cindy lifted her head to the ceiling, screaming wildly, her whole body shaking as her cunt contracted on her big brother's cock. The convulsions shot through her like an insane fire. The muscles of her stomach tightened and, for a moment, Cindy wondered if this orgasm would break her bones.

"Sis!" Kevin shouted. "Sis, I gotta... ohhhh, shit, Cindy!"

Kevin quickly pulled out of his sister's sweet sucking cunt and aimed his raging cock at her pretty, teenage face.

"Suck it out!" Kevin groaned. "Suck my come juice out of my balls, Cindy! Suck it up and eat it! Swallow it, you sexy, cock-sucking bitch! Eat my

cock and eat my come juice!"

Cindy's cheeks ballooned out with his sizzling come juice but she drained his balls, not losing a single drop of that precious nectar. Her throat burned deliciously as the thick juices ran down it. When he stopped gushing she clung to his cock with her lips, feeling him starting to deflate.

"I'm all grown up, Kevin," she said, his cock

standing as hard as ever in front of her face, gleaming wetly. "What do you think of your little sister, now?"

A huge grin spread across Kevin's face as he looked down at his beautiful little sister.

"I love you, Cindy. I could stay home and fuck you forever!" He said as she leaned in and licked the last drop of come off the tip of his big cock.

ONE BIG HAPPY PROBLEM

Hey, Sweetie!..
Um, Problem?

"Mom is Pretty
Good at Reading
My Face"

You
Can Tell
Me,
Right?

SNIFF...

I-I'm

Learning to Breed

All the guys were jealous I was dating Martiva Nickles. She was by far the hottest girl in class. When she'd walk down the hallway, my friends would jab me in the side and whisper, "What's her pussy like, Carl? How about you sharing her with us?" And other nasty stuff like that.

I didn't mind. It felt great knowing that all the guys were blistering with envy and wanting to get a peek up my girlfriend's long, slender legs.

Her dad was something else, too. He was an experienced firefighter with a broad chest and massive arms. I didn't dare argue when he'd look me in the eyes, push his finger on my chest, and tell me, "It's a school night, son. You have her home by nine." It was all, "Yes, sir" and, "No, sir", with Mr. Nickles.

I'd been dating Martiva several months and getting closer and closer to scoring. I never had her out late enough to really do anything but some heavy kissing and a feel now and then. My balls were busting to get some deep, tight, wet pussy so when I got a chance to spend Saturday afternoon all alone with her at her place, I got carried away.

We were on the couch going at it. Our hormones were racing and when her dad walked in on us, we were down to our underwear and my boner was about to tear a hole in my white briefs.

"Daddy!" Martiva cried out.

"Daddy" is right," he boomed back. "Just what the fuck do you think you're doing, young man?" he yelled as he grabbed my shoulder and pulled me off his daughter. I flailed about, speechless.

"Fuck, wasn't that a dumb question?" he muttered as he groped my crotch and squeezed my boner and nuts hard. He let me drop and my eyes bugged out when he slid his hand inside his daughter's panties and felt her pussy.

"And look at you, little girl. Your cunt's wetter than a sleazy whore."

Mr. Nickles looked back at me and asked, "Just how many times have you already fucked my girl?"

I shook my head vigorously. "Ah... never, Mr. Nickles, I swear.

Cross my heart," I stammered.

He tilted his head and glared at me. Then he looked back at Martiva and as he wormed a finger up inside her moist pussy, he asked her, "Is that true, baby? Is this the first time?"

She nodded fearfully. "We've never done it, Daddy," she said with a quivering voice.

Mr. Nickles pulled his finger out of her pussy and slid it under my nose.

"Have you even smelled or tasted my girl yet, boy?"

When I shook my head, he popped his finger into my mouth and told me, "That's what cunt is like, boy. You want some more?"

I didn't know whether to nod my head or shake it. I was trying to figure out what answer Mr. Nickels wanted. He didn't give me time to answer. He put his hand behind my head and pushed my head into Martiva's crotch. With his other hand he ripped off her panties and with his fingers he spread her pussy lips apart.

"If you're going to go all the way with my daughter, I want to be sure you do it right, boy," he said with a firm voice. "I don't want no punk poking his dick in her and getting off in a few seconds. I want to make sure she gets everything she deserves. Show me, boy, how you lick and eat a cunt... if you know how."

To tell the truth, I'd never done this with Martiva before. The closest my lips had been to another person's privates were when Uncle Harvey showed me how to suck cock. That I could do, but pussy licking was new to me. But I didn't dare let Mr. Nickels know that.

I stuck out my tongue and began lapping at her soft, inner creases as tenderly as I could. He watched me for a few minutes and then brushed me aside.

"Shit, boy, you don't know anything. Watch," he said as he buried his face in his daughter's twat and began working her tight pussy with his long, thick tongue. He soon had her moaning and shaking. She was about to cum and he pulled off and told me, "Now try it again, boy."

I tried to do the best I could to recall everything Mr. Nickels had done. I knew I was on the right track when Martiva started lubricating profusely and whimpering.

"That's better, boy. You're a quick learner," Mr. Nickels said. He slid his hand down my back and then slapped my butt. I kept on working my tongue in as deep as I could go into Martiva's cunt as Mr. Nickels yanked my cotton briefs off me. I was too petrified to look back to see what he was doing. I felt his hands slide between my legs and tug on my nits.

"Nice, firm balls," Mr. Nickels said. "I bet you're dying to pump a load up inside my girl." He grabbed my boner and pulled it behind though my legs. "The question is, are you good enough for her?"

I was terrified and thoroughly excited at the same time. When Mr. Nickels rubbed my cockhead between his thumb and fingers, I nearly came. My dick was pumping copious amounts of slippery precum and the way Martiva's Dad spread my natural lube all over my sensitive glans made my balls tingle.

The next thing I knew, Mr. Nickels had my butt cheeks spread wide and his tongue was slivering between my butt crack and piercing my butt hole.

I heard him mumble, "So, you've never fucked my girl before, eh?"

His warm breath felt good against my exposed asshole.

"No, sir," I snorted with my face buried in her snatch.

"Before I let any guy fuck her, I make sure they know what it's like to have a cock up inside

them, you understand, boy? Once you know what it's like to get drilled with a big man-cock, then you'll know how to fuck my daughter without hurting her."

He squeezed my cockhead some more and when he had his fingers liberally lubricated with my fluids, he smeared them on my hole. I felt him prying my hole open with his fingers and then I felt the ominous sensation of his massive cockhead rubbing directly on my virgin butt hole.

There was nothing I could do. Mr. Nickels

had his massive arms on either side of my torso. His muscular thighs pressed against mine.

When he thrust his hips forward, his cock pierced my butt and split it in two.

I let out a muffled cry but he just pressed my head deeper into Martiva's cunt. His lips were against my ear and he gasped, "Take it like a man, boy."

I clenched my butt cheeks and tried to breathe as Mr. Nickels drove his cock all the way up inside me.

"Feel that tool, boy? I bet you don't want

me to drive it in and out of you hard, eh? Just remember that when you start fucking my girl."

"Yes, sir," I gurgled.

Mr. Nickels slowly pulled his cock out of me until the rim of his cock was snuggling against my sphincter. Then he pushed slowly all the way inside again. "Nice and easy. Feels good, doesn't it, boy?" he breathed against my ear.

"Yes, sir," I managed to groan.

He fucked my butt with long, deep strokes for several minutes before he murmured, "Now let me see you do it, son. Show me how you take care of a woman."

He pulled back enough that I could sit up. Then with his cock still impaled inside me, he reached around my waist, took hold of my dripping boner and aimed it at Martiva's wet pussy.

"Now dip it in, nice and slow, boy," he said as he pushed my cockhead down against his daughter's soft, wet cunt. I slid easily into her pussy.

It felt so good sinking into her that I nearly blasted off right then and there. Her pussy muscles gripped my cock like a tight, wet hand jacking me off.

"You like that, boy?" he asked. "You like my daughter's pussy?"

"Yeah," I groaned. I'd been dreaming about getting my dick into Martiva for months. Never did I imagine that it would be like this.

Mr. Nickels pressed forward with his hips shoving my cock all the way down inside his daughter.

"That's it, boy," he said. "Let it sink in. Women like to have it in deep."

Martiva had her eyes closed and began to whimper as I ground my cock inside her. I was dripping so much it felt like my dick was melting.

When Mr. Nickels pulled back, his cock was buried so tightly in my butt that he pulled me back with him. My dick came all the way out of Martiva's pussy and hovered above it for a brief second until her dad thrust his cock into me again and drove my dick all the way inside her.

He moaned for me to start fucking on my own, and as I did, his cock slid out of me when I thrust mine into her, and when I pulled back Mr. Nickels' fat monster drilled deep into my butt.

"That's it, boy," he moaned in my ear. "That's the way to breed. Fuck deep like that, and when you cum, shove your cum in as deep as you can."

I could only go a few more deep thrusts, before my balls exploded.

My cockhead was buried as deep inside Martiva as possible. When my cum shot out, my butt clenched Mr. Nickels' dick tight.

"Fuck, yeah, boy," he groaned. "Shoot that load. Drench that pussy."

He held me tight and as his arms gripped me, his whole body convulsed and sprayed my insides with his thick cream.

Watching Daddy Cum

(Mbb, inc, exh, ped, piss)

Although our master bedroom goes out to a private patio to the west, the master bedroom's bathroom has a large window which looks directly out onto the kids' backyard play equipment.

My wife had wanted the swing set placed that secluded corner of the backyard because, as she'd do her make up in the morning, she could look out at the kids playing when then were younger. And like me, she hated looking at big jungle gyms. This corner of the yard was surrounded by hedges and trees. The only door or window that had access to this corner of the backyard was, in fact, that of the master bedroom bath. Otherwise, you'd never even know that a play set was back there.

Now, of course, that our two boys older, my wife always blocks out our bathroom window completely.

Rather than moving the playground set to a more visible spot on the property, she had me install a custom opaque blind on the window—a blind which opens and closes at the press of a button.

Unlike my wife, I rather enjoy looking out at the greenery when I'm in the bathroom shaving in the morning. Even with the jungle gym in view, I like to greet the morning with plenty of sunshine.

And although we have central air, I rather prefer to open the window itself to catch a clean, springtime breeze. It wakes me up in the morning.

Of course, I'm up before anyone else and so, although the jungle gym set is out there, no one was ever outside when I'd be in the bathroom at seven in the morning.

That was true until recently, I should say. I awoke and went to the bathroom for a morning piss. I saw that the shade was closed as my wife always would have it closed.

I was slightly annoyed as any husband might understand. I would have liked to have been greeted by the green and sunshine but that damn shade was always down. It's a bit, I imagine, as some couple fight over the toilet seat being up or down.

So although I had to piss and had the piss hard on to prove it, I bypassed the toilet and pressed the button for the shade to rise. I pressed it almost as though slapping it in defiance of my wife.

As the blind rose and my cock was tenting my boxer shorts, I was surprised to see my two sons out on the swings. It was so

early in the morning and I had never seen them out there alone before at that time.

They didn't see me or the blind rising at first. I could see that although they had on their little jackets, each was still in his pjs. And I stood at the window, with this enormous erection in my boxers.

Danny, the oldest, must have suddenly noticed that the blind was up since he tapped his little brother's shoulder as he pointed to where I stood.

Then I realized that if they saw the shade was up, they had to have seen me, too. I knew I should have waved and pressed the shade button again so it would go down—but I didn't.

My heart pounded because I found myself feeling oddly erotic and perverse as I stood in just my boxer shorts in front of the window. I wondered how much of me my sons could see from their distance of fifteen feet.

But immediately upon seeing me, Toby, my younger son, all smiles, raced straight over to the window at which I stood. I didn't even have time to do much about hiding my morning erection. Well, I could have placed my hands in front of myself, but I thought that would perhaps bring even more attention to my condition.

He came right up to the long window and I could hear him through the glass say, "Good morning daddy".

I waved again and knew that he couldn't help but see my erection as his face was almost even with where my boxers were obscenely tented.

Then I watched as his big brother ran right over to the window, too. He, too said, "Good morning daddy. We're playing. Is that okay?"

I nodded as I looked to see if his eyes were going down to where my cock was throbbing and making the front of my boxers unmistakably wag up and down right in front of him.

I then didn't know what to do since I did have to take a wicked piss.

"Are you going to the potty, daddy?", Toby asked me through the window.

"Just about to", I whispered—perhaps not so subconsciously in the hopes of not awakening my wife who was still sound asleep in our bed.

I then unmistakably could see that both of my sons were staring at my erect cock inside my under shorts.

And again, I knew it would seem strange to suddenly close the blind. These were boys, my sons; I couldn't make it seem unnatural for them to see their father in the morning. Besides, I didn't want to close the blind. And why that was true made my blood race and my face blush.

It's a powerful and erotic feeling to have a full blown erection in front of two little admirers. And when those four ogling eyes belong to your own sons, only a father can know how intoxicating such a moment of perversion can be.

I took a deep breath but knew that I was going to show my two little guys their father's penis—in a fully erect state. I stepped away from the window pane and over to the toilet which was situated about three feet from it.

As I stood there in profile for the boys to see the length of how my erection tented my shorts, peripherally, I could see my two sons both cupped their hands against the pane of glass to look into the bathroom more clearly.

I pulled the fly of my boxers open and pulled my rock hard erection out of it, I also let my big nuts out to hang freely as I wanted my sons to see the nut sac that make the sperm which made each of them. I wanted them to see their father's genitalia in its most aroused state.

As I stood there, I knew that with such an incredible hard on, it would be difficult if not impossible to actually urinate. So I just let the boys look. I allowed them to feast their youthful eyes on my erection as I let it bounce up and down obscenely in front of them.

I figured that if they were scared or uninterested, they'd run off or stop watching. But neither of them budged. Each continued to cup his hands around his face so he could get a real good look at daddy's eight inch erection.

I didn't want to touch myself, lest be accused of masturbating in front of the boys should they ever try to describe to someone else what they had witnessed. Instead, I barely needed to touch

***I knew that I was

my cock as it was alive and doing its own thing—fueled by its own perversion I suppose.

And I had been correct. I couldn't urinate with my cock being so incredibly erect and rock solid. In fact, before any piss ever came, I found myself ejaculating in front of my two little guys. I hadn't even touched myself. I looked down as I sensed I was about to shoot a load and sure enough, a milky rope of semen shot out of the wide mushroom head of my cock. It looked like the flow from a drinking fountain as the semen arced and splat into the toilet and onto the back of the raised toilet seat lid.

I peripherally looked over at the window and watched my two sons barely taking a breath as each stared open mouthed as they pressed against the glass. Neither had missed a second of their daddy ejaculating the milky batter which had made each of them (although neither understood that fact as of then).

I allowed my cock to spritz all the semen it could after a long night, emptying my large scrotum in front of my own boys.

And then, as my erection deflated only slightly, the stream of morning urine began to flow—following the semen into the toilet bowl.

Once drained, I stood there a moment, letting my sons take in what they'd just witnessed. Before I even had a chance to say or do anything, I saw and heard my little guys each mutter a soft, "WOW", to one another and to themselves.

Then Danny, in a most amazed and happy tone asked his little brother, "Did you see that?"

"Uh ha", Toby replied as he kept looking in through the window. Daddy has a real, real big one."

"See all that stuff that came out of him?", Danny asked.

"Uh ha", Toby replied. "He peed a lot."

"That wasn't just pee", Danny said to his little brother—speaking as if I couldn't hear them through the glass.

"It wasn't?", Toby said as he watched me tuck my large penis back into the fly of my boxers.

"I don't think so", Danny said. "It didn't look like pee. I was whitish."

Suddenly, it was Toby who softly rapped on the pane of glass and asked, "Daddy, what was that?"

I gave them a look like I could barely hear them.

"What was that stuff that came out?", Toby asked again.

I gave him a frown as if to say that I didn't know what he was talking about.

His eyes glanced down at my crotch as he pointed to it. "The stuff that came out of you?"

I simple gave him a gentle grin as I put my index finger to my lips. I then stepped over to the window and pressed the button. As they shade descended I waved at the boys and could hear both of them groan as they moved away from the window.

Once the shade was down, I shook my head. I could hardly believe what I had just done. I had let my two little guys see my cock ejaculate a big time amount of seed.

As I wiped my splats of thick semen off the back of the toilet seat though I knew that I had actually done what I thought I had just done.

After that morning, my boys were out on their play set every morning before I was up. And every morning, I'd let them watch as their daddy's big erection would ejaculate or "pee" out all his white stuff. I didn't even bother closing the blind once the show was over. My two sons would remain glued to the window as I'd then pull off my boxer shorts and take a shower. I'd keep the shower door wide open as to not obstruct their view of me soaping up.

I almost grinned to myself as I'd step out of the shower and very slowly dry myself, my heavy genitalia swinging back and forth as I watched my two sons ogle at their daddy's naked bathroom shows.

One morning as I was now more openly jerking off for them as I stood at the toilet, as had become our little routine, something gripped me and I turned toward the window just as I was about to cum.

I jerked a few times watching my little guys looking in, their hands cupped as usual to block

out the sun behind them. And I let it rip—I jerked and hosed my cock directly into their faces. My semen splattered against the glass and blotted out their faces in milky opaqueness. I had to catch my breath since I realized as soon as I'd done it that, had it not been for a mere thickness of window glass, I had just shot my cum into my kids faces.

Although they pulled back since slightly from the window since they weren't expecting to see my sperm coating it, instead of being scared they both smiled big as they returned to the glass for a better look.

"Coool", Danny said almost to himself.

"It's a lot!", Toby said as he traced his small index finger on the opposite side of the window pane through my semen.

Danny joined him and pointed to a section of my ejaculate that ran down the glass as he said, "Look at how thick it is... and it's sort of pearly. Look Toby, that's a real lot running down on your side, too."

I watched as Toby and then Danny cupped their hands again as they pressed their noses right up to the glass again.

My cock twitched and became obscenely erect once again since I realized that my own sons were had on a barrier of millimeters between their sweet faces and their daddy's semen.

It was when my little Toby, one morning asked, "Daddy? Does your window open and close? Can't it open?" that I took the final plunge. It was a warm spring morning anyway. No one could see. My wife was sound asleep as usual.

As my erection bounced and throbbed in front of them, as had become our daily routine for nearly two weeks, I breathed in big and hard as I considered his request. I knew I could have simply lied and told them that the window didn't open.

But I didn't want to lie. And I suppose that since they asked, they were ready for more.

"Please, daddy?", Toby asked, almost pouting through the glass.

"If it opens, we can feel it", Danny said to me as if it all made perfect sense to them. "Can we feel it this time when it shoots that stuff?"

Without saying a word, and as my erection throbbed painfully, I slowly unlatched the lock on the window. Show time was now over and I knew that. These two wanted more from their daddy. And I suppose I wanted more from them as well.

Very slowly I raised the window. And as soon as it opened no more than six inches, I had two sets of little hands reaching in and trying to feel my erection. I pushed the window upward but watched as my sons used all their hands to explore my erection and scrotum. They handled me like any boys their age might attack a puppy they longed for at the pet store—they were at once gentle but, being boys, unaware of exactly how to handle a man's erection.

The sensation of having my two little guys' four hands on my genitalia is not to be understood by any father unless he's experienced it.

I looked down my hairy torso to watch their small fists trying to hold onto the thickness of my erect shaft. Each boy, trying to be gentle—but not always succeeding—wanted to feel their father's heavy nut sac.

I was afraid if they kept it up, I would spontaneously ejaculate all over them—directly into their little faces now all full of wonderment and delight.

I let my two sons masturbate me just that way—by reaching their hands and arms right into my window. I didn't open the window fully since I feared that if I had, I might have been tempted to pull one of them right through it.

And once in the bathroom with one or the both of them, I didn't know what I may have been tempted to show them next.

Masturbating their father through the open window was enough, I figured. If they wanted to feel my adult erection that ought to be enough to satisfy a young boy's curiosity about his father's body.

Yet, sure enough, although I had planned to turn away or close the window when I sensed I was about to cum, I could not do either when the time actually approached. I knew that I'd be ejaculating into my sons' hands although I knew

***I sprayed my hot,
thick semen all over
my two son's faces***

I had wanted to close the window. But these two little guys had seen my cock squirt semen. They knew what would happen—what would come of all their fondling and jerking on my thick erection.

I watched as they had smiles glued to their faces as each stared mesmerized by my penis and especially its piss slit. And I knew what they were looking to see—waiting to see. They knew that was where their daddy shot all that thick white stuff which so fascinated them.

And I didn't want to disappoint them—after all, they were my own sons. If they wanted to explore their daddy's body like this, I was there to help them out.

It was actually Toby who must have felt or sensed that I was on the verge of cumming because he asked, "Is it going to make all that white stuff now, daddy?"

I could barely nod as I grunted. The moment that Danny's hand cupped my left nut as Toby's tiny fist could hardly get around a third of my shaft, I knew that I was about to do what I never in a million years thought I'd ever do.

I sprayed my hot, thick semen all over my two sons' faces. I fired off so hard and powerfully, my cum fired right into their two faces as if I was shooting a paint gun—full of whitewash—directly at them.

Being surprised, each boy opened his mouth wide in amazement and, of course, that only allowed more shots of my cum to blow directly into the back of their throats.

I felt bad but I couldn't help how my cum hit them—they were the one's after all milking my cock and directing its aim.

Once each boy though got a mouthful of my sperm, they retracted their small hands and coughed some. But I watched and could see that they were more interested in the taste of their daddy's stuff than in spitting any of it out.

Even I was surprised that two boys—and my own sons—were seemingly enjoying their first taste of semen. I'd have expected them to spit and gag and be grossed out. But instead, they both ate down my stuff like it was something they could get used to and even learn to enjoy.

Once I was done, I waved them back over to the window. Toby, still gulping and tasting his daddy's ejaculate came right over and said, "That was funny. It doesn't taste like milk."

"Because it's not real milk", Danny stated as he approached the window again, too. "Isn't that right, daddy?"

"Can you shoot some more, daddy?", Toby asked innocently as he reached his arm through the open window and squeezed my softening penis.

I nodded and I looked at my two little guys as I whispered, "Yes, but not today."

Both boys looked crestfallen but happy enough and I was shocked by what I had done but also proud and thrilled that they were now both, officially, their own daddy's secret little cum eaters.

Seeing that my semen was also all over each of my sons' chins and foreheads, I handed them wads of toilet tissue and told them to wipe it all off. As they did so, my erection grew as I realized they had my sperm swimming across their sweet faces and also down inside their tummies.

The both handed me back the wet cum tissues and I flushed them. Although they wanted to play some more with my penis, I had to shut the window. As I pushed it down very slowly, they laughed and giggled as they were forced to retract their arms and exploring hands from my side of the pane.

I then said to them through the glass, "Now go play", as I pointed at their swing set.

As they dashed back to their play set, obviously thrilled and awestruck by what they had just experienced and eaten, my wife knocked on the bathroom door.

"Want to open up, hon", she said in voice that told me she had just awakened.

"Sure", hang on, I replied as I tapped the button next to the window. I waited a few seconds more, and then unlocked the door just as the shade closed itself fully.

panties, her tits pointing at him suggestively.

Sitting across the table from her son as they ate, she asked: "What are you doing today, honey?"

"Nothing," he replied.

"You mean you're going to stay home today?" she asked, pleased. "With me?"

Davy nodded.

This was a change, she knew. Davy usually couldn't wait to finish breakfast and leave, going off and doing whatever it was he did with his friends around the neighborhood.

"What brought this on, baby?" she asked, finishing her coffee. "Don't tell me all your little friends are going out of town today?"

"I don't know about them," Davy said, raising his eyes. For a moment they fixed on the strain of his mother's tits. The robe exposed the creamy, tantalizing valley between them. "I just feel like staying in today, Mother."

"You're not sick, are you?" she asked, unable to keep the sparkle out of her eyes.

Davy shook his head. He had lowered his gaze again to her tits. This time he looked boldly at them.

Molly found her breath catching in her throat. A warm flush crept over her face, down her neck. She sat still, feeling the heat growing between her thighs.

"Did you... find something different this morning?" she managed to ask, her voice low.

Davy nodded.

"Do you mind?"

His eyes came up to hers, and they gazed at each other for a long time.

"No," he finally said, softly. "How long have you known, Mother?"

"All along," she said, stretching the truth.

Suddenly Davy giggled.

"What's funny?" she asked.

"Nothing," he said. "Just... golly, Mother." Molly reached across the table and placed her hand on top of his. Her eyes were moist, a nervous smile playing about her full lips.

"Did you mind?" she asked again.

"Mind what, Mother?"

"That I changed... panties," she said, her voice throaty.

Davy's young eyes flared hotly as a grin spread over his face. He turned his hand beneath hers, and they held hands tightly across the table.

"I liked it, Mother," he said, his voice going from high to low, as it usually did when he was excited. "Why did you do it?"

"You like my panties, don't you, baby," she

asked. "What do you do with mother's panties, anyway?"

"I... like to feel them," he said shyly.

"And smell them?" she asked, unable to resist.

Davy nodded his head, lowering his eyes shyly for the first time.

Molly stood up and moved around the table to her son's side. She placed his head against her stomach, hugging him there, brushing his hair.

"Don't be embarrassed, baby," she said softly. "I understand. I'm not mad at you. If you like playing with my panties, I don't mind."

Davy wrapped his hands about his mother's waist and hugged her tightly as he pressed his face into her stomach.

"Davy," she whispered, pulling his head from her stomach and tilting his face up to hers. "Oh, Davy," she whispered again.

She leaned down to kiss his forehead, but at the last moment, pressed her lips to his. She had meant to give him a quick peck, but the feel of her son's lips against hers sent a wild, blazing fire through her body. With a moan, Molly thrust her

tongue past her son's lips, deep into his mouth. A muffled gasp came from Davy, but his arms went about his mother's neck tightly.

Molly's eyes smoldered hotly. She released her son and stepped back. Her fingers trembled about her belt. She opened the belt and hesitated, then taking a deep breath, she flung her thin robe wide open.

Davy gasped, his eyes huge as he stared at his mother.

"Mother! Golly, Mother?"

Molly's body trembled as she stood holding her robe wide. Her son's eyes gazed at her nakedness, seeing her tits straining out, nipples jutting upward, the tightness of her bikini panties. The panties were orchid-colored, trimmed teasingly in black lace. Davy had turned in his chair when she hugged him, and Molly's eyes moved to the front of his cut-offs. She saw the slow lifting of them, watching his concealed cock growing hard. She pulled her gown from her shoulders, letting it drop to the floor. She stood before her excited son, wearing only her skimpy, tantalizing panties. She cupped her tits,

lifting them, thumbing her rigid nipples as her eyes blazed at the front of his cut-offs.

Davy gasped hotly as he watched his mother, his knees open.

Sliding her hands down her body, Molly drew upward on her panties, making the crotch cut into her cunt, outlining the swell of those hairy lips. Her extra-long clit throbbed hotly and she was very wet. Curls of dark pussy hair peeked from the tight panties, and Davy's eyes looked as if they were about to come out of his head. Molly parted her feet on the floor, arching her hips forward slightly. Davy gulped as he stared, seeing the curls of cunt hair, the way that lace trimmed crotch pulled into his mother's cunt. His cock throbbed into full hardness.

Molly wanted to jerk the crotch of her son's cut-offs to one side, to let that beautiful hard-on free, expose it. But she didn't, she stood pulling her panties tightly into her bubbling cunt, her hips twisting suggestively in slow motion.

Then, breathlessly, Molly began to peel her panties down.

"Oh, Mother!" Davy groaned, his eyes burning.

Molly stripped her panties off, lifting first one foot, then the other. Standing up, naked, legs now together, she held her panties out to her son. Davy lifted a shaking hand, then dropped it to his lap.

"Don't you want my panties, honey?" she asked in a husky sound.

Davy nodded, but all he could do was press his hand hard against his hard-on.

Molly stepped closer, and turned her panties inside out. She rubbed the wet crotch of them over her son's face, then across his lips. Davy's eyes half-closed as he smelled his mother's cunt on the panties, felt the wetness on his lips.

"Nice, aren't they, Davy?" she whispered. She dropped her panties to his lap, and stepped back. She leaned near the sink, her naked body vibrating sweetly. Her tits seemed swollen, her nipples ready to burst. She stared at her son as he stared back at her. Davy's big eyes swiveled up and down, seeing his mother's tits, then the bush of her cunt. His cock throbbed powerfully.

"Show me, honey," Molly urged hotly. "Show me what you do with my panties. Let me watch you, darling!"

Davy, overcome by excitement, yanked the crotch of his cut-offs aside. Molly caught a glimpse of his young cock standing up before he wrapped her panties around it. His cockhead bulged tightly at the crotch of her panties, and she was fascinated as a slow wetness formed there. Gazing at his mother's naked body, Davy closed his fist about his panty-wrapped cock, and began to jerk up and down.

"Ohhhh, I see," Molly gurgled, her eyes straining as she watched her son jacking off.

Davy gasped with excitement, his eyes riveted upon the thick, silky bush of his mother's cunt, his fist racing up and down his cock in short, jerky pumping motions. Molly felt her cunt responding to his display of open sexuality.

Her clit bulged from the pulsating lips of her pussy, and she squeezed her thighs tightly. She twisted her naked ass against the sink, her eyes shining with strange feelings.

"Look at me, honey!" she hissed, and parted her legs. Molly thrust her hips forward, her cunt showing. She ran one hand down between her thighs, a finger on each side of her juicy cunt. Her clit thrust between her fingers and she began to rub it. "Look at this, Davy! Look at Mother and jerk yourself off! Jerk off with Mother's panties, baby!"

The words his mother was saying sent a shaking delight through Davy, who stared hungrily at his mother's cunt, his fist pounding faster and faster on his cock. The nylon stretched around his bulging cockhead, and the wet spot grew wider. Molly shivered and rubbed at her cunt, making sure her fingers never covered her bulging clit. Her eyes burned at the head of her son's cock, anxious to see what would happen.

Her legs shook, becoming weak. There was a fire inside her cunt that she had never felt before. Her fingers, sliding along the puffy lips of her cunt, made a wet sound. She opened her thighs a bit more, bending her knees and bracing herself on the sink. Her eyes strained with liquid heat on his cock. Davy's eyes seemed unfocused as

he stared between his mother's thighs, beating his fist frantically on his panty-covered cock.

She felt as if she were going to come, yet the orgasm refused to burst.

She twisted her ass, moaning softly, gazing at her son as he sat at the table, jacking off in a frenzy.

"Look at me, Davy!" she sobbed hotly. "Watch Mother, baby! Ooooo, honey, can you do it? Can you come... in my panties?"

Davy's only reply was quicker gaspings.

Molly wanted to come, wanted to very badly, yet each time she felt as if it would happen, something seemed to make it go away. Feverishly, she shoved both hands between her legs, and wantonly began to open and close the hairy lips of her pussy, smashing them against her clit. Tears were flowing from her eyes as she strained to come, feeling total abandonment with her son watching as he jacked off with her panties.

"Oh, damn it! Damn it!" she cried, suddenly smashing her fingers against her clit violently, agitating it almost brutally.

Her hips whipped about in jerky motion as she rubbed in a frenzy at her swollen clit. Her eyes never left her son's cock or pounding fist.

"Oh, Davy!" she cried, her lovely face contorting with torment. "I can't! Damn, damn,

damn! I can't come!"

Davy heard his mother's frustrated cries, but his balls were aching now, drawing tightly into his crotch. His fist banged up and down with frantic movement, his young eyes burning on his mother's hairy pussy, watching her fingers flying in a frenzy. He heard the wet sounds she made, and began to moan softly.

With a jerk of his body, creamy come juice gushed out of his cock.

Molly sobbed as she watched her panties drenched with his come juice.

Davy kept jacking his cock as he came, and within moments, her panties were soaked with that creamy sweetness.

For a moment, Davy slumped in the chair, his eyes dreamy, his mother's panties dangling from the head of his cock. Then, with a sudden blush, he jerked her panties away and flung them to the table. He jumped to his feet, and while stuffing his cock back into his cut-offs, ran from the kitchen.

Molly started to call after him, but stopped herself.

She had seen the sudden embarrassment on his face, and knew he had to be alone for a while. She moved on shaking legs to the table, picking up her panties. The inside of the crotch was soaked with his come juice, glistening wetly.

Picking her panties up, she gazed at the evidence of his desires. With a shiver she drew the panties to her face. She closed her eyes as a sensation of rapture seemed to burn through her naked body. Suddenly, she shoved the crotch of her panties into her mouth, sucking at the come juice her son had placed there. She tasted Davy's young come juice, finding it hot and sweet. She sucked hard at her panties and her tongue running about the crotch.

And she came.

The explosion of her orgasm ripped her to pieces. Her eyes shot open and she shook hard, her cunt convulsing like never before. She stood near the table, coming wildly, her panties dangling from her lips, eyes huge but not seeing anything.

The orgasm seemed to go on for a long time, and when it finally ended, she was so weak she slumped into Davy's chair, leaning on the table with her head on her arms.

She had never come so strongly in her life.

Mommies are for **FUCKING**

(continued from page 40)

asked.

"I don't think that's a good idea Brian," she said, peeling off her little white panties, exposing her juicy cunt. "I know you're probably aroused too, but if we both masturbate, you'll probably want to make love to me. And mommies aren't for fucking," she said, her monstrous chest jiggling in her t-shirt.

"But Mommy! It's not fair! I'm horny too! Just looking at your amazing body makes me want to jack off!"

"Uhhh..." She was already fingering her pussy. "Ok, baby. You can masturbate. Would you like me to take off my shirt, so you can look at my disgustingly huge breasts? I know lots of boys like big breasts..."

"Yeah! But they're not disgusting at all! They're amazing! I've never seen breasts so big in my life! They're absolutely beautiful!"

"Really?" she said, peeling off her shirt and then squeezing her tits together. "They're SO big! Do you like really big breasts?"

"Uh-huh! The bigger the better!" I stripped off my pants, and my cock sprang straight up. It was easily ten inches long, and probably four inches around. Pretty impressive for a 14-year old, huh?

"Oh my goodness! Look at my little baby's penis! It's so huge! Oh my..." She faded off, still fingering her cunt, and now biting her lower lip.

"What's wrong, Mommy?" I asked, spitting on my hand and beginning to stroke my enormous erection.

"It's just... Oh baby, you've got such a big, hard cock, and Mommy is so unbelievably horny..."

"Why... why can't I fuck you Mommy?"

"Sweetie, I told you, mommies aren't for fucking. If you ever had your penis inside my vagina, or if you got me to suck on your big erection -- or even if you were suckling on my huge tits -- it would be incest! It's awful enough with us both naked, masturbating in front of each other," she said, reaching up with one hand to tweak one of her large, puffy, erect nipples. "But god, I am SO horny, baby... Will you stroke your huge penis for Mommy?"

"Of course, Mommy..." I started to stroke harder and more vigorously. Pre-cum began to leak out of my swollen, purple cockhead. "Wow, Mom, I have to cum so badly!"

"Oh, me too, baby!" Mommy squealed, arching her back and thrusting her enormous breasts in the air, her long nipples pointing straight up. "Mommy needs to cum so fucking much!"

"Mommy, I can see your wet pussy spasming. There's cum leaking down your legs!"

"Oh, please stop talking dirty, sweetie! It's

not right," she said, staring right at my red-hot boner.

"I can't help it Mom! You look so hot like that, with your legs in the air!"

With that, she looked me in the eye and momentarily stopped pumping her hand in and out of her vagina. With her hand still in her cunt, she stood up. Standing with her legs wide apart, her knees bent slightly, and one hand squeezing one of her gigantic tits, she began to masturbate again. It was the most obscene, erotic thing I had ever seen in my life, and it was my very own Mommy. I started pumping my cock even harder than I had been; I fisted my prick with a fury and passion, my eyes fixed on my mother's incredible, almost cartoonishly voluptuous body.

"God Mommy! You look so amazing like that! Look! The cum is dripping out of your cunt!"

"Oh baby! It's true!" Sure enough, the cunt juice was dripping out of her squishy pussy, dripping down her pistoning hand and onto the carpeted floor. "Oh, sweetheart, Mommy's going to cum! My pussy is so tight and wet! Oh shit! UHHHHHH! MOMMY'S CUMMING!"

**"Cum on me, baby!
Cum all over your
horny Mommy!
Oh, look how
big and hard my
son's penis is!"**

She shuddered suddenly, her knees almost buckling, as she came, the juice flooding out of her vagina. She screamed, staring with wide eyes at my throbbing cock.

As I watched my mom violently orgasm in front of me, I too felt the cum welling in my cock. As her orgasm subsided, my mother saw how close I was. She walked over to me, one hand still massaging a breast, and said, "Cum on me, baby! Cum all over your horny Mommy! Oh, look how big and hard my son's penis is! Oh!"

She dropped to her knees, squeezing her breasts together, and looking into my mother's beautiful eyes, I came. As I mentioned before, when I cum, I cum buckets. Semen was everywhere. It fountained up in the air, and came down all over Mommy -- on her face, her hair and her huge breasts.

"Oh baby! Look how much you came Brian! I've never seen so much cum in my life! It's wonderful!"

"Oh Mommy! I love you so much!"

"I love you too," she said, rubbing my cum

into her nipples. "That was one of the best orgasms of my life."

"I wish I could fuck you Mommy."

"I know baby. But you can't. You should never fuck your own Mommy."

For the next few days, I almost constantly tried to fuck Mom. Every day when I came down to breakfast, I would take out my penis at the table and begin to stroke it, ogling my mother's amazing body. She would tell me to stop, but then she would stare at my throbbing cock, biting her lower lip.

Once, when I asked her if I could suck on her big nipples, she ran upstairs (I assume to jack herself off). Another time, she turned me on so much just by coming to breakfast in a pair of little panties and a t-shirt a couple of sizes too small (so that her breasts pushed it out, revealing her tight stomach), that I blew my wad almost immediately, raining cum down all over the breakfast table. Mommy squealed, and said, "Oh, my little baby! You really must want to fuck me so much!"

"I do," I said. "I've been jacking off five or six times a day, Mommy! Every time I do, my penis just gets hard again when I see your body and your beautiful face and..." I trailed off, and looked down at my cock. Even though I had just spewed all over my breakfast, it was rock hard again, and throbbing obscenely.

Mommy sat down next to me, after cleaning some of the cum off the table.

"Ever since I was a little boy," I said, "I knew how sexy you were. My friends used to talk about your huge breasts, and your tight, little ass... And I'd see their fathers staring at you. I was so proud to have you as my Mommy! But I've always wanted to kiss you, and suck on your big breasts, and feel your gorgeous body... And fuck you. Mommy, I want to fuck you so much!"

Mommy was on the verge of crying. "Oh my little baby!" She got up, and so did I. We faced each other -- me totally naked, my cock big and purple; she pushing her chest out toward me like a whore. "Oh sweetie, I love you so much. Your big, thick cock makes Mommy very, very horny. But I can't let you fuck me. It's not right."

She took a step toward me, her breasts brushing my chest slightly. "Maybe if I kiss you, that will get it out of your system," she said with a giggle, her tits jiggling in her tight t-shirt. She started to lean in, but then stopped.

"Almost forgot!" she said. She stood back and peeled off her shirt. "Ta da!" she exclaimed with a smile. Her breasts looked so round and firm, her nipples erect and puffy. My cock was twitching wildly, like bomb ready to explode. "Now, come and kiss your Mommy."

I moved toward her and our mouths embraced. It started as a peck, but soon turned into a full-out french kiss, our tongues dancing lightly in our mouths. I put one hand on the back of her head and pulled her into me. She groaned as I felt her monstrous breasts pressing firmly against my chest. I reached up with the other hand and squeezed her left tit, feeling her

erect, puffy nipple on my palm.

"No," she mumbled into my mouth, "don't touch Mommy's breast!"

I ignored her. Soon, I was massaging the breast, feeling tit-flesh all around my hand. My cock, of course, was rock-hard, and because it was so long, I felt it rubbing against Mommy's muscular tummy. I reached and pushed it down so that my engorged cock-head rubbed against her wet pussy lips.

"No!" She pulled away from me. "Oh god! No, baby! We can't fuck! Uh..." She was rubbing her pussy again. "My cunt is so itchy... Mmmmm..." She ran upstairs. I sat down, and began to masturbate, listening to my Mommy's screams of ecstasy upstairs.

That night, I heard more moaning sounds coming from my mother's bedroom. Since I had seen everything there was to see of Mommy, I opened the door. There, on her bed, with legs splayed wide in the air, was Mommy, thrusting in and out of her vagina a big, green cucumber. The fruit (vegetable?) made a disgusting squishing sound as it pulled her pussy lips in and out. Cum was leaking down onto her asshole and the bed sheet beneath.

"Holy shit!" I said, unable to stop myself, even though I knew my presence would probably make her stop.

"Oh no!" She looked up at me with a shocked look on her pretty little face, the cucumber still sticking half-way out of her tight, leaky cunt. "Oh sweetheart! I'm so ashamed. You must think I'm such an unbelievable nymphomaniac. I need to cum so often..."

"But Mom," I said, sitting down next to her on the bed, ogling her amazingly voluptuous little body, "my cock is much bigger than that cucumber! And thicker too! We can both cum as many times as we want, if you let me fuck you!"

This time, she stayed silent for a moment. She withdrew the cucumber with a plopping sound.

"Let Mommy see you penis, Brian!"

I did as she ordered. Standing next to the bed in just my shirt, my cock stuck out like a bat, its purple cockhead oozing pre-cum. Mommy sat up and faced my cock, staring at its immensity, her breasts sweaty and heaving. She looked up at me.

"Mm. Your cock is so big and thick!" she said, half-smiling. "I guess it's time for us to fuck. I can't fight it anymore. Mommy is very naughty, and needs to fuck very, very badly. I'm going to suck on your huge cock for a while. Does baby want Mommy to suck his cock?" she asked in a little-girl voice.

"Yes Mommy! Please suck on my cock!"

"Then after, baby can fuck Mommy's tight little pussy..." Her voice trailed off as she kissed the tip of my penis. She swirled her tongue around the large cockhead, then embrace the thick shaft with her mouth. It was the most amazing feeling of my life.

Considering the impressive girth of my cock, I was amazed at Mom's abilities. She im-

mediately took a good three inches, her mouth stretched around its obscene size. She started breathing heavily through her nose, and was able to take another inch or two, sucking with all her might. She looked up at my face as she jacked the rest of my dick's length with her hand.

"Suck me Mommy! Suck my big cock!"

She was sucking with amazing force, periodically stopped to lick my hairy balls and long cock shaft. I was on the verge of coming. I got up and grabbed my mother's head and started pumping my huge cock in and out of her mouth. Soon, I was coming, flooding my Mommy's little mouth with my cum.

I drew her up to me, and licked some of the cum dripping out of her mouth.

"Oh, sweetie! You're so naughty!"

I grabbed her around the waist and drew her toward me. "I'm sorry I was so... forceful."

"It's okay, baby. I loved sucking your cock. And it's so big... I knew I had to take as much as I could. Now," she said, backing up and doing a sexy little dance, "do you want to fuck your little Mommy's body?" Her massive breasts swayed back and forth, her little waist and womanly hips moving erotically.

*Soon, I was
coming, flooding
my Mommy's little
mouth with my cum*

"I've never wanted anything more in my life," I said, starting to pump my still-hard cock.

"Ooo!" Mommy squealed. "Does baby want to fuck Mommy with that big thing! I don't think it'll fit in my tiny, little vagina!" She sat down on the bed and opened her legs to display her tight, hairy cunt. She was, as always it seemed, very wet. She peeled her lips and said, "My pussy is very wet, but your penis is SO big! Do you think you can stuff it up my cunt?"

I approached Mom, grabbed her by the arms and threw her back on the bed. Her tits jiggled as she landed. "Oh, I think baby is going to fuck Mommy very hard! Is Mommy going to get a very hard fucking now?"

"Yes Mommy." I positioned my throbbing cock at her dripping pussy lips. Slowly, I sank the large, bulbous head between her legs.

"UH! That's a good baby! Baby's cock feels very good!"

I pushed it farther. Now about half of it was engulfed by her pussy.

"How does that feel, Mommy?"

"OH!" Her head flew back and she grabbed both breasts, kneading them together. "Fuck Mommy!"

I thrust the rest of my long erection into her. Now my entire ten inches were inside my very own Mommy. I took her hips in my hands and started thrusting, slowly at first, then harder.

"OH FUCK! Baby is fucking Mommy!" She was almost screaming now. "Your cock is so big! UHHH! FUCK MOMMY WITH YOUR BIG COCK! UUUUHHHH!"

I bent my arms and started to lick around Mommy's mouth. She responded by grabbing my head and frenching me wildly. Her cunt was amazingly tight, and spasming around my very thick cock.

After a few minutes of fucking, and without withdrawing from her, I grabbed my mother and flipped her on top of me. Her dark hair fell over her beautiful face, while she licked her lips. Her enormous breasts hung down toward me as she started to move up and down on my cock.

"MOMMY IS GOING TO CUM ON BABY'S BIG PENIS! MAKE MOMMY CUM!!! UUUUHHHH!!!! OOOOOHHH GOOOOOOD!!!!"

I reached up and started to maul her tits, twisting her nipples as I thrust into her. Within seconds, she was cumming. Cunt-juice was leaking down my cock, still impaled in her. I was amazed that I hadn't cum yet.

"OHhh! Mommy came so much! Baby, please, don't cum inside me!"

"I really want to, Mommy," I said, still pumping her cunt.

"No, please, baby. Mommy wants to have her tits fucked! Let me wrap my huge tits around your cock!"

That sounded great. With a disgusting plopping sound, Mom got up off my cock. She sat up and licked my cock like a lollipop, then positioned it between her massive breasts. I started to move it up and down. Because it was so long, the head would pop out and Mommy would lick it when it did.

"Oh, you're going to shoot so much cum, aren't you sweetheart? Will you shoot your pretty cum all over your Mommy? Show Mommy how much you love her!"

And I did. Feeling the soft flesh of my mother's gigantic tits wrapped around my pulsing member was too much. I started to spew enormous amounts of cum. My Mom caught some in her mouth, but a lot of it covered her face, neck and breasts.

After washing off, we lied in bed together, Mommy stroking my erection, me feeling her huge tits and tight little stomach.

For a week after, I fucked Mom at least five times a day, sometimes as many as ten times. She couldn't get enough of my cock. As soon as I would walk into the kitchen, or as I was coming out of the bathroom, she would ask me -- beg me -- to screw her right there, on the kitchen table or the hallway floor. I fucked her pussy numerous times, her asshole, her mouth, her breasts. She loved it all. A couple of times, she needed my cock so badly that she showed up at school. I would get in the car, we'd drive around

to the back of the parking lot and fuck right there. She would bounce up and down on my erect member, screaming how much she loved me, how much she needed her son's huge cock.

One night, I read a magazine as Mommy kneeled in front of me, naked, sucking on my long, rock-hard cock. She moaned with almost every suck, every now and then reaching down with a hand to massage a nipple or her large clit. I put the magazine down. "Suck harder Mommy! Suck as hard as you can," I said.

She looked up at me with her big, beautiful green eyes and started to suck with a fury. Soon, I was coming in her mouth, the cock-juice overflowing and dripping down onto her enormous cleavage. I drew her up to me and placed her body next to mine.

"You really like sucking my cock, don't you, Mom?"

"Oh sweetie, you know I do. I think about your beautiful cock all day long! I love having it in my little mouth."

"It's very impressive that you can take as much of it as you can."

"Thank you," she said giggling, her heavy breasts swaying back and forth. She saw that I was staring at them, and lifted one to me, offering it. I started to stroke one immense breast.

"Have your tits always been this gigantic, Mommy?"

"Oh no! They were much smaller when I was a little girl. I guess they were always very big for my age (I had a D-cup in the 7th grade), but certainly not this big. It was when I had you, when I was 15, that they got so huge!" She cupped them and pushed them together. "When I was pregnant with you, they got SO big (and stayed big after you were born and started suckling at

my nipples) that I had to throw away most of my clothes."

"Hm. I wish I could suck milk out of them now."

"Oh, wouldn't that be wonderful, baby!" she squealed. "God, that would make Mommy so happy."

The truth is, I spent an enormous amount of time suckling at my Mommy's breasts. Whenever we weren't fucking, I was sucking on her breasts while she masturbated with one hand and stroked my cock with the other. "Mommy loves having her huge breasts sucked by her little baby! Suckle at Mommy's big nipples!" She loved it as much as I did.

And then something extraordinary happened. She started to lactate. It had been years since she had been pregnant, but apparently, enough regular suction can induce lactation. And I don't mean a little trickle of milk. I mean buckets of it. Milk would start squirting out of her big round breasts if she simply squeezed them together. And I could regularly bring her to orgasm by sucking milk out of her tits, as she told me how much she needed her baby to drink her milk.

I would sometimes come home from school and find my mother in the middle of the living room, sucking milk out of her own giant breast while frigging her cunt furiously. Of course, it would be mere seconds before she was straddling me, her tits bouncing wildly up and down as she rode my cock; as she squeezed one of her engorged breasts, milk would drip over our naked bodies.

One morning, I awoke to my mother humping my large, erect penis. She was panting and moaning. I folded my hands behind her

head as she held onto my muscular chest.

"Morning mom," I said with a smile.

"AAAAHHH!! Oh sweetheart! I'm sorry I woke you up! Mommy needed to fuck so much! And your cock was already big and hard! OOOOHHHHH! Mommy is going to cum again!!! FUUUUUUUCK!!! FUCK MOMMY! MAKE YOUR MOMMY CUM!!!!" I grabbed my mother's breasts and pull them down to suckle on. Mommy came as I sucked milk from her tit.

A few moments later, after I had spewed my first morning load in Mommy's pussy, I told her I needed to get to school.

"Can't we fuck once more before you go, lover," she begged, massaging my long, soft cock with her giant breasts.

"No Mom. In fact, you're coming with me to school today."

"What? Why would I go to school with you Brian? Don't be silly..."

"I'm not! I've got a surprise for you... at school."

"I can't go to school with you, sweetie... I have things to do around the house."

"Right. Like jack off all day long. Mom, you'll enjoy it. Trust me. Look, I promise to give you a couple of extra fuckings tonight if you come."

"Um... Ok, sweetie. Let me get dressed."

"Great. But don't wear one of your regular outfits," I said, going to her closet. "Wear this." I pulled out a tiny little summer dress that Mom hadn't worn in years.

"Oh sweetheart, I don't think that'll fit me."

"Try it on," I said.

She put on the dress after strapping one of her huge bras. The top of the dress was very tight, and barely contained her overflowing tits.

You could see the top of her bra poking out of the low-cut top. The skirt part of the dress was very short, and came barely half-way down her beautiful thighs. Her ass looked round and full.

"This dress doesn't fit, darling," she said, turning around to show me. "See?"

"I think it looks great. Just one thing: take off your panties."

"What? But if I bend over, everyone will be able to see Mommy's little vagina!"

"Just take them off, and take me to school."

"Ok..." She stripped off her panties. "The things I do for my son..."

I grabbed Mommy's tits and massaged them. She moaned.

"God, your tits are unbelievably big, Mom." She looked at me shyly and smiled. I took her head in a hand and brought her face to mine, licking her mouth erotically. "Oh, and Mommy, wear some high heels."

As entered the school, I held Mommy's hand. All of the students and teachers were staring at her unbelievably curvy body as we walked past. She was blushing like crazy, and a couple of times I stopped and squeezed her full, round ass, just for effect.

"Baby, you shouldn't touch me like that in public," she said, squirming under my hands.

"Sorry Mom. I'm just trying to get you hot."

"Oh, I am hot, darling! I'm always hot when I'm around you."

I took her hand again and led her into the classroom. From the pictures on the blackboard, I think mother immediately realized what kind of class it was. Ms. Berg, the teacher, approached us.

"Hi there," she said to me, and kissed me lightly on the lips. "And this must be your lovely mother." She leaned down and started to kiss Mommy, as well. Mom drew her head back, but then relented, and the two kissed for a moment. "I'm Ms. Berg, the sex ed teacher."

Ms. Berg was the teacher that every male (and a lot of female) students had fantasies about. She had an amazing body -- not as grotesquely voluptuous as my mother's, but very sexy nonetheless. She had long, thin legs, a big round ass, and DD breasts that sat high and firm on her chest. Her long blonde hair was usually (as it was now) up in a bun on her head, and she wore glasses on her lithe, sexy face. She and I had only fucked a few times, but we had spent many hours after class fooling around. She was the one who taught me how to make love to a woman, and who convinced me to fuck my Mommy, after I described her to Ms. Berg.

"Now," Ms. Berg said, sitting on her desk and crossing her long, tan legs, "today, we're going to learn about incest. Can someone define incest for me?"

A beautiful young girl in the second row raised her hand.

"Yes, Becky."

"Um... when two people in the same family and they have sex?"

"Very good, Becky. Come up here and get

your kiss."

Becky got up, displaying her gorgeous young body, made her way to Ms. Berg, and the two french-kissed for a minute. It's Ms. Berg's way of rewarding a correct answer. She caressed Becky's sizable breast through her t-shirt. "Very good, Becky."

"Thank you Ms. Berg." Becky looked at me sheepishly as she went back to her seat. I smiled at her and adjusted my large, semi-hard penis in my pants.

"It looks like you are getting aroused Brian," she said to me. "Before we help relieve Brian, a few more things. Incest, as you probably all know, is considered a great sin in most cultures, including ours. It's considered very wrong for a mother to fuck her own son. It's immoral and illegal. However, as you can see," she said, walking over to my mother, "Brian's mom is extremely horny. Aren't you, Mommy?" Mom looked ashamedly at me. "Answer her question, Mom," I said.

"But, sweetheart! This is so embarrassing."

"As you will notice, class, Brian's cock barely fits into his Mommy's tight cunt. She is, however, extremely wet."

"Please Mom. Don't you love me?"

"Of course I do!"

"Don't you want me to make love to you again?"

"Oh! Yes," she said, hanging her head.

"Well then," Ms. Berg said, stroking my mother's back, "aren't you a very, very horny woman?"

"Yes I am."

"And as you can also see, Brian's mother has a very voluptuous, sexy body. Her breasts are incredibly large (much larger than mine), really very out of proportion with the rest of her body. She also has very nice legs, a beautiful round ass, and an extremely pretty face. So Brian, you must be very aroused whenever you are around your mother."

"Yes, I am. She makes me very aroused."

"Brian, would you please take off your pants and show us your penis?"

"Sure!" I stripped off my pants. My semi-erect cock was creating quite a bulge in my boxers. I took off my boxers, and my ten-inch penis hung proudly between my legs. There were gasps from the class. Girls craned their necks to get a better look, then giggled to each other. Boys' mouths

hung agape.

"Ms. Berg?" It was Julie, a cute little blonde in the front row.

"Yes Julie?"

"Isn't Brian's penis very big?"

"Yes. Very good Julie. It is. It is much larger than average. Large penises can cause problems. Some women do not like them. However, some women like them very much, and they certainly can be arousing. Are you aroused right now Julie?"

"Yes Ms. Berg," she said proudly.

"Is your little vagina wet?"

"Yes Ms. Berg!"

"Would you like Brian to put his very large penis in your little vagina?"

"Yes, Ms. Berg! I'm not sure it would fit though!"

Some members of the class giggled.

"Well, maybe we'll see about that later, Julie. Alright, will Brian's Mommy like to be fucked?"

"Yes," my mother said.

"Brian, will you start fucking your mother please."

"Yes ma'am."

I flipped up my mother's little skirt and she bent over to allow me better access to her hot pussy. I put my bloated cockhead against the tender, dripping wet opening to my mother's cunt.

"Mommy," Ms. Berg said to my mother, "would you please take off your dress so that the class can see your body?"

"Oh no! Please don't make me."

"Now, please."

Mother looked back at me, then reached down and pulled her dress up over her head, revealing her tight tummy and monstrous breasts. Again, there were a number of gasps from the class. I bent my mother over again, and then inserted my prick into her.

"Oh!" mother squealed.

"As you will notice, class, Brian's cock barely fits into his Mommy's tight cunt. She is, however, extremely wet, which allows more comfortable access. Isn't that right, Mommy?"

"Oh god!" my mother exclaimed as I pumped my prick in and out of her sopping wet pussy. "Yes! He feels so big inside me! And I'm so wet! Oh god, this is so humiliating"

"Well, that's what you get for being a horny little slut who lets her own son fuck her whenever he wants. Ok, who here would like to masturbate?"

Everyone in the class raised their hands.

"Hm... Julie, Mark, Rachel, Donald and... Jody. You may masturbate as much as you like."

The rest of the class groaned, and the five students selected traded seats with those in the first row. The soon took down their pants and started to masturbate. I was having the time of my life...

3 Sucking Daughters

by Dan Reagan

(MF, Mg, Fg, inc, ped)

Mom, I never thought we'd ever catch you and Dad fucking on the sofa," Eva Ward giggled.

The five had had a nice dinner, the girls had helped as usual, and now Sally and the girls were in their bikinis, sitting on the deck near the pool.

The three girls were so very young, Eva fifteen, Fay fourteen, and little Jan only thirteen. Eva was the only one that even had hair on her pussy.

It was a beautiful warm evening. Soft lights played across the pool's surface, and dim lights also glowed under the water.

After dinner, Dan had decided to take a nap, which he sometimes did early Friday evenings.

"That was exciting, you there in his lap, fucking!" Fay exclaimed. "But we didn't get to see Dad's prick!"

"Oh, you little sluts," she laughed. "Wanting to see your very own father's cock. I know you three want more than just a peek at his prick. It's awful, but I was the same way at your age. What would you three hot little cunts say if I said you could play around with your Dad and fuck him?"

Complete silence followed. The trio of cute girls sat there with their mouths open, their pretty bodies taut with surprise. Their large eyes opened wide.

"Mom, are you sure you'd let us fuck him?" Eva gasped.

"As sure as I've got a cunt," Sally giggled.

"Oh, Mom!" Fay burst out. "I know he loves to look at us. But our own dad?"

"Honey, it happens," Sally said.

"I know this girl at school," Jan giggled. "Her dad fucks her all the time. He eats her pussy and

everything."

"When do we start having this family fuck fun?" Eva laughed. "My pussy is getting wet already!"

Sally turned serious. "You'd better not ever say one word about this, girls. Not even to your friend at school, Jan. You understand?"

"Yes!" they chorused.

"But he won't want to fuck us, after he fucked you in the living room, only a few hours ago," Jan complained.

"You girls don't know your father like I do," Sally smiled. "After his nap he'll be ready to get another big hard-on!"

"Oh, this is gonna be fun!" Fay exclaimed. "But maybe his cock is too big for us, Mom. We still have our cherries!"

"Well, I hope so," Sally smiled.

"We do, Mom," Jan giggled. "I've heard a real stud can give a girl lots of goodies without ever pushing his prick in the girls cunt."

"Well, of course," Sally giggled. "You little pussies had lots of fun without a prick!"

The three daughters giggled. How pretty and young and sexy they were, long-legged with pointy little hard tits, thick sensual mouths. Sally imagined them taking turns sucking Dan's cock, their full red lips around the swollen cock-meat, and she shuddered.

A movement behind the four turned Sally's head. Dan stood there, grinning. He wore his swim trunks, and the sight of the big lump of his cock and balls, sent more tremors through Sally's body.

"Oh, Dad!" Eva giggled. "We were just talking about you."

He chuckled. He moved to a deck chair at Sally's right, glancing from one daughter to the next.

"We were wondering how big your cock is, Dad!" Jan said.

"I'll be damned," he chuckled. "Sally, is that right?"

"Y-yes!" Sally blurted. "I'm afraid our cute young daughters want you to play around with them, and make them cum!"

"And we want to fuck you, too!" Jan giggled.

Dan shook his head, a wide grin on his handsome face. The bulge in his swim trunks swelled even larger.

"You pretty girls have any hair on your cunts yet?" he asked.

"I do," Eva stated proudly.

"But that doesn't mean we can't enjoy sex! Besides, we have our cherries!" Fay giggled.

"Sonofabitch," Dan muttered. "Sally, I thought you were pulling my leg. Do you know what this means?"

"Honey, I do!" Sally exclaimed. "They won't say one word, to anybody! They'll be safe, they can have their goodies at home! We can all have a lot of nice fuck and cum fun!"

Dan's grin was very wide as he stared from one sexy young daughter to the next. Sally thought his huge cock was going to burst out of his swim trunks. Her cunt was soppy, her clit as hard as flint.

The three girls stood, with Jan in the middle, and posed in front of Dan. They waved their pretty asses and danced their tits at him. Their bikinis were so tiny that if they'd had cunt hair it would show.

"Aren't we sexy, Dad?" Eva giggled, moving her hips like she was fucking. "Bring your cock out so we can see it!"

"Oh, yes, do!" Fay said.

Sally felt more fuck juice oozing into her bikini panty. The high wooden wall around their pool would keep anyone from peeking at them. Watching her daughters undulate their asses and weave their shoulders made her clit tense and tingle.

Dan applauded his daughters' prancing and wiggling. Sally giggled and clapped her hands,

too. Dan's hands went to his trunks, he slid the elastic band down and exposed the first six inches of his huge, hard prick.

"Ohhhhhh!" the three girls gasped. "Oooo, Dad!"

Sally shook with lust. This was all so new and forbidden and daring.

"Now I want to see some pussy, girls," Dan grinned, pushing his trunks lower. "And some tits."

"Oh, this is fun!" Eva exclaimed. She reached down and untied her string bikini. Her pretty sisters did the same.

"You, too, Mom!" Jan smiled, staring at Sally. "We all want to see what a good pair of sexy tits looks like."

Shivering, Sally slowly stood and unfastened her bikini halter. Her tits surged out, high and hard. The three girls had cute tits, budding with promise, but Sally knew she had the best looking pair in town.

"Those are sure sexy tits, Mom!" Fay giggled. "Dad, don't you really like those beauties?"

"Yeah, they really stick out there, Sally," Dan admitted. "I sucked on them when I came home

The three girls stood and posed in front of Dan. Their bikinis were so tiny that if they'd had cunt hair it would show

from work."

"Oh, we saw you two fucking!" Eva twittered. "But we couldn't see your prick! Show us everything, Daddy!"

"His cock was sticking up in Mom's cunt!" Jan giggled, undulating her ass. "Now show everybody your cunt, Mom."

Dan rose to his feet, his prick still riding out from the band of his swim trunks. As he drew them down, Sally dropped her bikini bottom. The three young girls gasped, staring from Sally's dark-haired cunt to Dan's massive ten-inch prick.

"Oh, Mom, your cunt's all pooched out!" Eva giggled. "That sure is a sexy cunt!"

"I like Dad's prick better!" Jan said.

"Me, too!" Fay breathed, weaving her hips, knees open wide.

"I hope it isn't too big for our cunts!" Eva said. "Mom, does that big thing ever hurt your cunt?"

Sally felt weak in the knees.

"No, that big cock doesn't hurt my cunt!" Sally exclaimed. "Not when it's turned on like this!" She reached down to her crotch and spread

her cunt lips apart.

"Oh, mom!" the girls exclaimed.

"I have to get a better look at your cunt, Sally," Dan chuckled.

He walked over in front of her, his blue eyes ranging up and down her body. He stared at her puffy tits, her held-open cunt. His huge slanted prick tensed, bubbles of clear cock-juice appeared on his piss hole.

Sally turned so everybody could see her cunt gash. She continued to fuck her hips back and forth. She tightened the mouth of her cunt and her clit stiffened.

"Somebody better fuck me or suck me or finger my cunt!" Sally gasped. "Or I'm gonna cum all by myself!"

"Oh, Dad!" Eva exclaimed. "Make Mom cum! She needs it!"

"Yes, I sure do," Sally breathed, her hips still thrusting. She kept her legs far apart, her hands held her puffy cunt lips open, and more fuck juice dribbled from her cunt hole, down her thighs.

"Isn't that a long clit!" Jan breathed, staring at Sally's cunt. "Mom, you sure can control your cunt!"

Sally trembled, clenching the mouth of her cunt again and again. Even Dan was surprised and pleased. His big cock tensed. Sally was so horny she wanted to scream.

"Oh, Daddy!" Eva exclaimed. "Please push your cock in Mom's cunt! She needs her cum! See all that cunt juice oozing out of it! We want to see Mom cum!"

Sally shuddered, watching Dan move closer. The skin around his prickhead was stretched to the limit. Half his cockknob showed, shiny and dark blue. More wetness leaked from his piss hole.

"So you want to cum in front of our cute, sexy daughters, do you?" Dan chuckled. He gripped his prick in his right hand, peeled back the foreskin, and his swollen purple cockknob popped free. He bent his knees until his cockhead was aimed at her shivery cunt.

"Daddy, you have such big, sexy nuts!" Jan breathed.

Sally hardly heard the words. She was entranced with Dan's hard, wet cockhead moving toward her twitchy, spread-open cunt. She wished he would suck a tit, but he could do that later. All of her senses were concentrated on Dan's approaching cock.

When his prick-knob was just inches from her hungry, leaky cunt, she stepped forward, thrust her hips wildly, and took his huge cock up into her cunt.

The girls cried out with excitement.

"Uhhhhh!" Sally yelled. "Uhhh, my cunt's cumming! Ohhhh, Dan! Fuck your cock in hard! Uhhhhh, fuuuuuuck!"

Dan responded quickly to her request, jamming the whole ten inches into her eager pussy.

Her cunt exploded. Wave after wave of honeyed delight curled through her belly, her

legs and tits. Her inner cunt clenched his prick in swift cadence.

Dan bucked once more, and drew his prick out of her still-cumming cunt.

Sally wobbled and dropped into a deck chair, her head whirling. Her hips continued to move in fuck motions. The cum fun was still happening.

"Oh, Daddy, you sure did make her cum hard!" Eva exclaimed. "Now your cock is all slick with Mom's cunt juice!"

"Oh, it sure is a sexy cock!" Jan said. "Daddy, when do we get to feel it up in our cunts?"

"I gotta get those sweet little cunts good and wet, girls," he grinned. "Sit your cute asses down in chairs and I'll start to work on them."

Sally rested limply in her chair, her legs sprawled apart, her cum juice oozing from her puffed-out cunt mouth. Only two big lunges of his swollen prick into her eager cunt, and she'd gone off. How totally wonderful. She dropped her right hand to her tender, heated cunt and watched her daughters sit in chairs. She moved over to where her husband was.

He was on his knees between Eva's slender long legs, staring at her virgin pussy.

"Now if I had three mouths and three pairs of hands, I could suck and play with your dainty cunts all at once," Dan said.

"Oh, I could help you out!" Sally breathed.

"Oh, Mom, please do!" Fay exclaimed.

Sally shivered, gave Dan's ass a cozy thrust with her cunt, and moved over between Fay's cute long legs.

"Mom, do you know how to eat pussy?" Fay giggled.

"I'll show you, you hot little cunt!" Sally breathed. She fit her hands beneath Fay's firm, smooth ass, cupping a cheek in each palm, lifting the fragrant crotch toward her mouth.

Dan's head was already buried between Eva's spread-open thighs, and a faint slurping sound reached Sally's ears. Eva whimpered, her head turning back, her hands caught in her father's thick, curly blonde hair. It was such a horribly appealing sight that Sally's cunt began to drool more fuck sap.

Suddenly Jan leaped from her chair and moved behind Fay, sliding her hands across Fay's shoulders, down to Fay's perky little tits. As Jan's finger closed on Fay's cute tits, Sally kissed the warm, sugary cunt slit belonging to her own daughter.

"Ohhhh!" Fay giggled. "Yes, play with my tits and kiss me, Jan! Mom's going to eat my cunt!"

"Oh, oh, ohhhh!" Eva whimpered. "Oh, Daddy, that's good!"

Sally quaked with lust. She glued her lips to Fay's cunt, tasting the forbidden pussy fruit. It was so very sweet, so soft and sensual. Greedily she kissed and sucked, her lips moving upward toward the cute little pink clit she had glimpsed earlier.

As Sally's lips closed around the dainty spike of her own daughter's clit, as Fay shivered and tipped her cunt forward, young Eva whimpered

fiercely.

"Oh, Daddy, I'm cumming!" Eva cried. "Oh, my little pussy is cumming in your mouth! Ohhhhhh, my cunt is cumming big!"

Sally shook with lust. Her hard, quick cum around Dan's prick had barely touched her frenzied craving. of Fay's precious little clit between her lips, the tensing of Fay's clit, sent a rage of passion through Sally's body.

"Ohhh, ohhh, OH!" Fay breathed. "You sure can eat pussy!"

"Uhhhh!" Eva whimpered as Dan continued to eat her cunt. "Oh, Dad, that's so dreamy good!"

Sally gave Fay's clit a few more sweet sucks, and moved her mouth lower. Her tongue fucked into Fay's tight little cunt hole.

"Ohhh, Mom, don't tear my cherry with your tongue!" Fay gasped. "I want to save it for Dad's big, hot prick!"

"We all want to do that, Sis!" Jan laughed.

Sally moved her lips back to her pretty daughter's clit. Fay, trembling, arching her cunt toward Sally's eager mouth.

"You about to cum, Fay?" Jan giggled. "Your tits are turning hard at the tips."

"Y-yes!" Fay gasped. "Sally, eat me fast! My

pussy wants to cum, right now!"

Sally trembled, bringing her right hand over on Fay's asshole. She pushed a finger at the tight ass, she sucked harder on Fay's tensing clit.

Fay's asshole twitched, her hips jerked, her face twisted. "Yes, push your finger up my ass!"

Sally drew her hand back, then slipped her fuck finger up to the lower part of Fay's puffy cunt slit and dipped into the cute soppy cunt hole. She wet her finger good, moved her hand back to Fay's ass, and shoved her pussy-slick finger up her daughter's asshole.

"Ohhhh!" Fay whimpered, her legs jerking. "Ohhh, Mom, you're making me cum!"

Sally felt the little clit pulse. She sucked very hard, and jacked her finger in and out of Fay's ass.

"It's cumming, Mom! My cunt's cumming, just for you!" Fay yelled.

Fay's vivid responses, her cries of delight, shook Sally deeply. A mother eating her precious daughter's virginal cunt. Was she a beast? She watched her girl shake and shimmy as her cunt went off.

Jan drew away from behind her sister, and sank into a chair, her cute cunt tipped up, her

pink clit peering from the top of her swollen cunt slit.

"It's my turn for pussy fun," Jan said. "Blondes need it too."

"I'll do it," Dan said, grinning over at Jan.

Sally would have offered, but she was still enjoying herself with Fay. Eva rested limply in her chair. Dan had made her cum, she was resting. The pretty brunette sat with her legs sprawled open, her cute pussy very swollen, cunt juice shiny along the dainty crevice, her clit not as stiff as before.

They can't take as many cums as I can, Sally thought, watching Dan move over in front of blonde Jan. Jan was her dad's favorite.

"Daddy, will you give me some prick, please?" Jan cooed, staring at his big, ten-inch cock.

"Baby, that's too much prick for your cunt." He grinned. "all three of you girls have real tight cunts."

"How do you know, Daddy?" Jan giggled.

"I've been sucking Eva, and all of you girls are alike," Dan chuckled.

"Well, you know best, Daddy!" Jan cooed, puzzled. She arched her cunt up at him. "Please make it cum, Dan! Suck my cunt, or tongue it, and finger it! I'm so horny I could scream!"

Sally kept her finger in Fay's asshole and began to sip the swelling cunt flesh again. It was so sweet and tasty. Dan was probably right about cunt size on the girls, he'd had his finger and tongue in a lot of cunts. Men could do that and get away with it.

Sally watched Dan sink to his knees between Jan's long, shapely legs. This time he put a patio cushion under his knees. He had spent a lot of time in that position in front of Eva, eating her dainty, fresh cunt.

"Oh, Daddy!" Jan breathed, as Dan fit his hands beneath her cute rounded ass. "I wondered if you'd ever want my pussy!"

"He's been wanting all of our cunts, Mom!" Fay giggled. "Just like you."

"You foxy little cunts!" Sally laughed. She looked across at her husband.

Dan grinned. "I'll get my prick in their cunts somehow. They sure are small, though."

"Cunts stretch," Sally giggled. "You said after we ate their cunts, they'd be ready for your cock!"

"We'll see," he chuckled. "Right now I'm gonna get Jan's pretty little pussy ready for cock!"

"Yes, hurry and eat my cunt, Daddy!" Jan breathed. "I need a cum real bad!"

"I need a cum, too!" Eva giggled, sitting up in her chair.

"Well, play with your clit, Eva," Sally giggled. "You can watch your sisters cum. Dan and I can't eat three cunts at once. Our tongues aren't that long!"

Sally shuddered, fastening her mouth on Fay's dainty, wet cunt, and wiggled her finger in Fay's tight little asshole. Fay shivered, her cunt tipped up, and Sally snaked her tongue deep into the fragrant tight cunt hole.

"Ohhh, Mom!" Fay whimpered, thrusting her hips, her cute asshole clenching Sally's finger.

A louder cry of delight came from Jan. Dan's mouth was glued to the hairless little cunt, he was cupping Jan's ass cheeks, really going after her pussy.

"Oh, Daddy, that's so goooooood!" Jan whimpered, her hands kneading her budding tits. "If your prick feels half this good I'll cum a dozen times."

"Let me help you some, Sis," Eva giggled, leaving her chair. She wiggled over behind Jan's chair. Eva's hands dropped down to Jan's tits. Eva leaned her head down and they kissed.

Sally sipped and sucked at Fay's swelling cunt. Fay shivered, her hands playing with her tits, a look of intense delight on her pretty sensual face. Sally could feel the tight circling membrane of her daughter's cunt, her dainty cherry.

Something about making a virgin girl cum was very exciting. Sure, the girls had been fooling around for months, maybe years. But they were her own sweet daughters, all virgins. Feeling them cum was so delightful. So daring and forbidden.

"Mom, get my clit and suck it!" Fay gasped. "I'm ready to cum! Uhhhhh!"

Sally slipped her wet mouth up to Fay's tensing clit, fastened her lips around the little clit, and pushed her finger further up Fay's tight asshole.

"Ohhh, ohhhh!" Fay cried, her legs shaking, her hands flying on her tits. "My cunt's cumming, Mom! Oh, it's cumming right now!"

Sally shook with lust. She sipped and sucked the dainty quivering pussy. The cunt juices were so fragrant and sweet.

"Ohhh, my pussy is cumming!" Jan cried, her long legs shaking.

Eva, who had just stopped kissing her sister, gripped Jan's tits even tighter. Sally could hear the slurping of Dan's mouth on his blonde daughter's upcurved cunt. Sally wondered if Dan had a finger up the young blonde's ass.

"Cum, Sis!" Eva urged. "Cum big and hard around your Daddy's tongue!"

"Uhhhhh, shit, fuck, cum!" Jan bleated, her face twisting. "Ohhh, it's so fucking good!"

Sally felt Fay's pretty, wet cunt twitch as Jan started her cum. Sally sucked faster on Fay's stiff little clit. Fay shook, and her legs drew in against Sally's ears.

"Ohhhhhh, fuuuuuuuk!" Fay cried, her head turned back. The vivid shakes of her body told Sally how hard Fay was cumming.

"Daddy, I'm cumming" Jan whimpered, her legs shaking. "Ohhhhh, fuck! Ohhhh! You're so good with my cunt!"

Sally rested, letting Fay go limp after her cum. The girl's puffy little cunt was still twitching. Fay's asshole still tightening lightly around Sally's finger.

Raising her head, Sally watched Dan finish Jan's cum.

"Good pussy, Jan," he grinned. He looked up at Eva, who was still playing with Jan's tits. "Your little cunt is really tasty, too, Eva."

Eva giggled. "When do we get some prick,

Dad? When are you going to bust our cherries?"

"Not in a damned deck chair, Eva," Dan said. He rose to his feet, tensing his ten inches of prick.

Sally lifted her face from Fay's expanded cunt. She drew her finger out of Fay's tight little asshole.

"Don't stop, Mom!" Fay begged.

"Honey, we want to get some of your father's cock, don't we?" Sally asked.

"Oh, yes!" Fay giggled. She was staring at Dan's prick, like Jan and Eva.

"Let's all go upstairs to our bedroom," Dan suggested. "When I fuck a cunt I usually like it on a bed."

"Oh, you can fuck our cunts anywhere, Daddy!" Jan exclaimed. "That was sure something when Mom fucked you on the sofa, down in the living room."

"Yeah, your mother is turning into a real lively piece of ass," Dan chuckled.

Sally giggled and the three girls laughed.

The five trooped inside, and upstairs to the master bedroom.

Eva walked toward the bathroom and Dan said. "Don't wash your cunt, honey. I like a nice wet pussy."

"I'm gonna piss, Daddy!" Eva giggled. "After

"Ohhh, ohhhh! My cunt's cumming, Mom! Oh, it's cumming right now!"

cumming so hard I always piss."

"Well, leave the door open so we can watch you piss," Dan said.

"Oh, you dirty things!" Sally exclaimed. But she realized that she too wanted to watch her daughters piss. Shuddering, she watched Eva wiggle into the bathroom.

A rush of yellow piss flooded down into the toilet bowl. The splash of piss, the stream of it coming from Eva's puffy cunt, sent shivers of awful excitement through Sally's body.

Eva dabbed at her cunt with a toilet tissue and pranced into the bedroom. She posed in front of Dan. "My pussy is still pretty slick, Dad!"

"We'll see," Dan grinned. He reached out and placed his hand on Eva's swollen cunt.

"Ohhhh!" Eva giggled. "That's good!"

"Still pretty snug, Eva," Dan said. "Come on, Fay and Jan, I want to watch you piss."

"Oh, me too!" Sally blurted. What a slut she was.

Fay and Jan laughed, and Fay moved into the bathroom, standing the way Eva had. The gush of yellowish piss splashing down into the bowl made Sally's clit throb. Strings of girl cum, like spiderwebs, led from Fay's cunt to the toilet

bowl.

See how juicy my cunt is?" Fay giggled.

"Yeahhh," Dan muttered, watching Fay closely.

Fay wiggled out of the bathroom, and stood in front of Dan, her crotch tipped forward, her legs apart. She reached out and touched his huge wet-knobbed cock.

"Ohhhh!" Fay breathed. "Eva, feel it! Isn't that some big, hard prick!"

Eva's right hand shot out, her soft little fingers closed around Dan's cockshaft, and a bubble of fresh clear juice showed on his swollen prick-knob.

Dan trembled, he pushed his right hand at Fay's cunt. His left hand went to Eva's cunt. Sally watched his middle fingers slip juicily up into his daughter's cunts. Fay and Eva kept playing with Dan's prick.

"Yeah, they're both getting real slick," Dan chuckled. He glanced over at Jan. "Why don't you piss now, Jan? I want to see that piss coming out of your sweet little cunt."

"I sure will, Daddy!" Jan giggled.

Sally was weak in the legs. Her cunt drooled, her tits felt ready to burst with passion. Her nipples burned. She watched leggy Jan straddle the toilet bowl and the stream of yellow piss shot down into the toilet.

Sally felt her head spin. But she was having fun, she really was. She was saying things and doing things she had always wanted to. Her cute daughters had taught her something.

Sally knew for sure now that the girls had listened in when she and Dan had fucked. Rotten little cunts! But who was the worst now?

"Let's stop fooling around and fuck!" Sally exclaimed. "Dan, are you going to get your cock in me, or fuck one of the girls?"

"Well, I can't fuck you sexy cunts all at once," Dan grinned. "So you four decide which one gets my meat first." He drew his fingers out of his daughters' cunts, walked to the bed and stretched out on his back.

The view of his big hairy balls sent shivers up and down Sally's body. She could hardly keep from running to the bed and leaping up on his cock.

"Oh, Eva, you go first, honey," Sally breathed. "We can watch you take his prick way up in your cunt!"

"I sure will try hard!" Eva giggled, racing to the bed.

While Eva straddled her father, Sally and her other two daughters crouched beside the bed, staring at Dan and Eva. Sally was between Fay and Jan, the blonde at her left. Giggling, Eva raised her cute ass high and tried to find Dan's cockhead with her cute, wet puffy cunt. Her long legs trembled with effort.

"Get your pussy forward a little, Eva," Dan said, gripping his cock and pointing it straight up. Eva stared down between her extended arms and thighs, her dark long thick hair trailing across her father's broad, muscular chest.

"Oh, I see your cock now, Dad!" Eva exclaimed.

She changed position, her ass lowered again and this time she touched her cute little cunt to his prickhead.

"How does dad's prick feel, Eva?" Jan asked.

"Gooooood!" Eva breathed, pushing down. His cock-knob went further between her delicate cunt lips.

Dan's cock tensed. Fuck juice leaked down his cockshaft.

"Ohhh, shit!" Eva gasped. "It hurts!"

"Wiggle your cunt and try again, honey!" Sally breathed.

"Oh, that's sexy!" Jan giggled.

"Come on, Eva!" Fay exclaimed. "Drive his prick up your cunt!"

"I'm afraid her little pussy isn't going to spread enough," Dan said. "That hot little cunt sure feels good, though."

"Oh, I want your prick, Dad!" Eva whined.

"Well, if he can't tear your cherry, wiggle you clit around on his cock-knob," Sally breathed.

Eva strained, her face twisted with passion. Her dainty cunt lips twitched, she hunched very hard, and her body shook. Suddenly her pretty little cunt began to spread around his big cockhead.

"Uhhhhh!" Eva whined. "Oh, shit, fuck, Daddy!"

Sally gasped as the prick-knob oozed upward into Eva's cunt.

"It's my cherry!" Eva cried. "It tore! Oh, Daddy, you got my cherry!"

"You're doing fine, honey," Dan encouraged her. "Come on down."

Father and daughter gazed into each others eyes as she settled slowly onto the rigid shaft of his cock. There was no more pain, only the lingering smarting of her ripped cherry. It was

a growing sense of fullness that verged on discomfort as her pussy swallowed more and more of the fat shaft. It seemed endless.

"Oh look at that!" Jan breathed. "Daddy's prick is going all the way into Eva's cunt!"

"I sure want Dad's prick!" Fay gasped.

"We all do Fay!" Sally said, staring as Eva's cunt accepted every solid inch of Dan's prick. It was amazing. But then cunts were stretchy, built for cock.

"Fuck, that's a good tight cunt!" Dan muttered. He cupped Eva's budding tits and squeezed them.

Eva perched above him, long legs spread apart, a look of supreme delight on her flushed, cute face. "It feels like your cock is clear up in my throat, Daddy!"

"Well, go ahead and fuck Dad's prick, Eva!" Jan exclaimed. "You got it, now fuck it!"

"Uhhhhh, ohhhhhh!" Eva whined, stroking her cute rounded ass. "Daddy, it's wonderful! Are you gonna fuck a big load of jizz up my pussy?"

"Just go ahead and fuck, Eva," Dan grinned, kneading her swollen little tit buds. "That's the way, move your pretty ass. Isn't that better?"

"Oh, Daddy!" Eva whined. "It's cumming! My pussy is gonna cum!"

"Good!" Dan chuckled. "Fuck as fast as you want to, cutie. Get your tight little cunt off around my prick!"

Eva strained and pumped. Her face contorted, her head swung back, her pretty ass bobbed like a cork on the water with a fish jerking the line. Sally could see cunt juice, tinged with red, oozing from her pretty daughter's stretched little cunt. Cherry blood. Eva pumped, her legs jerked, her tits pushed out, and she squealed.

Eva gasped and bucked her ass, little cries

of delight bubbling from her throat. Dan wasn't spewing jizz yet.

"Uhhhhh, oh, oh, ohhhhh!" Eva cried, slumping down on Dan's chest. "Oh, Daddy, I never had a cum like that one!"

"With that much prick up in my cunt, I could cum hard, too!" Fay breathed.

"You'll get your turn at his cock, honey," Sally said to Fay. "See how good your father is, girls? You can have your fun on his prick and he doesn't squirt. He can really save his jizz. That way, a hot pussy can cum a lot of times!"

"You just want his spunk, Mom!" Jan teased.

"Oh, you little cunt, you!" Sally giggled. "Show me a girl who doesn't want a load of spurting jizz in her cunt!"

"Not this pussy!" Fay giggled. She looked at Eva, who was sprawled above Dan. "Come on, Sis. You had some of his cock, it's my turn!"

"Oh, I hate to stop fucking!" Eva gasped.

"Come on, get up off his cock, honey," Sally demanded. "You had your cherry torn and your first cock. We have three eager cunts here. We want our share of prick!"

Eva sighed and lifted her body. As Dan's huge cock emerged from Eva's puffy-mouthed cunt, a flow of pussy juice trickled down her left thigh, reddish in color.

Sally shook with lust, but she didn't want to be selfish. "Okay, Fay, climb your cute ass up there and see if you can work his cockhead into your pussy."

Eva crawled to the edge of the bed, legs apart. While Fay was mounting Dan's prick, Sally dropped to her knees between Eva's long, pretty thighs, her mouth aimed at Eva's cunt. Eva tipped her crotch up, Sally lapped the fragrant cunt juice and cherry blood.

Sally worked up along Eva's thighs to the cute rosette of her daughter's just-fucked cunt, her mouth greedy.

"Ohhh, Mom, that's good!" Eva whined.

Face twisted with lust, Fay strained and wiggled her ass around like Eva had done.

"Ohhhh, Daddy!" Fay whined. Her hips tipped forward, where his fingers played with her little pink clit.

"Your cunt's real tight, Fay," Dan said. "I'm gonna get your cunt to cum this way, and your slit might open up more."

"Oh, whatever you say, Daddy!" Fay cried.

"Why don't you get her down on the bed, Dan," Sally suggested. "Eat her pussy! That'll loosen it up good!"

Dan looked at Sally. "I think you're right, Sally. I want to eat some of this fresh young cunt."

Fay nodded, climbed down from her position above Dan, and stretched out beside him. Grinning, Dan slid between Fay's long thighs, skidded his hands between her thighs, and crouched. His head came down to Fay's upcurved pussy.

As Dan started lapping Fay's cunt, her face showed her intense pleasure. Dan knew how to nibble cunt. He had not learned it at home, that was for sure.

"Oh, Daddy, that's really good!" Fay whined, her long legs shaking. "I'm ready to cum, already!"

"Oh, play her cunt along, Dan!" Sally gasped. "Make her wait for it!"

"Oh, Mom, I need my cum now!" Fay wailed.

Sally was in a frenzy of passion. She looked at Jan, glanced at the carpeted bedroom floor, and Jan winked. Sally's cute blonde daughter sank to the floor and Sally swept between her sexy daughter's opened legs. Sally glued her cunt

to Jan's restless cunt.

"Oh, Mom, you sure fuck good!" Jan purred. "Eva got her cunt popped, Fay's gonna cum on Daddy's mouth, so we might as well have our fuck fun!"

"Oh, you hot little cunt," Sally breathed. "I'll fuck you and then I'll eat you! I'm crazy with the heat!"

Sally felt the sweet quiver of Jan's cunt, the dagger of her clit. Jan whimpered, tipping her cunt high, and Sally stroked. Their juicy cunts slapped and squished together. Sally felt her pretty blonde daughter shudder, felt Jan's clit stiffen. Sally fucked like a demon.

"Ohhhh, my cunt's cumming, Mom!" Jan wailed.

"My cunt's cumming too, honey!" Sally cried. Waves of exquisite delight swept her crotch, her tits and cunt. Her cunt mouth tightened as the nuances of delight drew another cry from her throat.

Resting on Jan's quivering body, Sally heard Fay's harsh cry of pleasure. Sally could not see Eva. She was probably playing stink finger. The bed jiggled. Sally had to see what was going on.

"Oh, Daddy, you sure know how to eat pussy!" Fay gurgled. He was on his hands and knees, his huge prick angled forward, wet on the knob and piss-hole. Eva stood on the other side of the bed, her cunt looking extremely puffy. Fuck-juice leaked from her hairless puss down her thighs.

"Mighty tasty cunt, Fay," Dan smiled, smacking his lips.

"Oh, Daddy, will you please fuck me now?" Fay breathed. She opened her legs further. "I'm sure you can get your prick in there now!"

"Yeahhh," he said, crawling forward. Eva stared, her right hand on her expanded cunt,

fingers toying with her stiff pink clit.

Sally sniffed the fragrance of fresh, young cunt, and her clit hardened again.

"Get your cock in Fay's cunt!" Eva breathed, staring. "It went up in my cunt! I want to see your prick go in her!"

Jan was now watching Dan and Fay.

Dan crouched in his fucking pose, lowering his huge, shiny-wet cockhead toward Fay's swollen pussy. Fuck juice glistened between the petals of her cunt. Fay's little tits were larger than Sally had ever seen them.

Dan's cockhead touched Fay's cunt.

Fay trembled, her legs swung further apart, her crotch angled upward. "Oh, that's good!" Fay breathed, staring down at Dan's prick. "It sure beats fingers or pussy!"

"This is where a cock belongs, Fay," Dan muttered, as his ass muscles tensed. "Right in a sexy girl's cunt."

Fay flinched. "Oh, Daddy, it hurts!"

Sally watched Dan crouch there, his huge prickhead between Fay's juicy cunt lips, his ass quivering. He pushed down again. Fay whimpered in discomfort and flinched again.

"Dan, it's too big for Fay's cunt!" Sally breathed.

"Hell, I took it!" Eva exclaimed.

"All cunts aren't the same size," Sally said. "I'll bet if you had another cum you could take his cock, honey."

"Oh, Mom, I'll do anything to have his cock up my cunt!" Fay gasped.

"I tell you what, Fay," Dan said. "Reach down and hold my prick and jiggle the knob on your clit. That'll make your pussy cum."

"Oh, I sure will, Daddy!" Fay breathed. She gripped his prick in her right hand, squirmed

her ass in a favorable position, and started sliding Dan's cockhead against her stiff, pink clit.

Sally shook with envy. Several years earlier she and Dan had had sex that way. Cock against clit. It was fun. It was different, especially if he broke his nuts and gushed jizz all over her cunt and ass.

"Yeah, you're getting the hang of it, Fay," Dan said. On his hands and knees he kept his cock in the right position.

Fay whimpered and her face twisted with delight.

Sally watched her pretty daughter enjoy her first feel of prick. Fay had such a happy look on her face. Girls needed this more than anything. How much better it was having her pretty daughters get their sex at home. Dan wouldn't hurt them. He wouldn't ram his big ten-incher into a dainty, virginal cunt unless the cunt was good and ready.

"Don't rush it, honey!" Sally breathed. "Play it along! That's where the fun is, dragging it out!"

"Oh, I want some of that!" Jan giggled. "Daddy, are you going to cum in her pussy?"

Dan muttered, his arms quivered, his ass muscled flexed. His nuts were starting to draw up.

"See his balls!" Sally exclaimed, her cunt streaming juice down her legs. "When they pull up into a knot, it means he's going to go off!"

"Oh I know that!" Eva giggled.

"But he didn't squirt in your cunt," Jan said. "You went off on his prick, but his prick didn't cum in your cunt."

"Okay, okay," Eva said, peering in at the prick and cunt action.

Fay was indeed taking her time, wiggling his cock-knob on her clit, then resting. "Oh, Daddy, it's so good I don't want to cum yet!" Fay gasped.

"Take your own sweet time little girl," Dan said.

Sally shook with lust. Dan wasn't fooling Sally. His balls were bunched up high in his ball sac, he was trembling with pleasure. In a few moments Dan was going to cum. In a very short while he was going to spray spunk all over Fay's delicate cunt.

"Oh, Daddy!" Fay cried, her hand whipping faster. "Ohhh, I'm gonna cum! Oh, please shoot your jizz in my cunt!"

Sally staggered, gripping the side of the bed. This was almost too much. Her cunt was feverish for prick or pussy or fingers.

"Uhhhh, fuuuuuuck!" Dan groaned, his face contorting.

Sally halfway expected him to fuck his cock into Fay's cumming cunt, whether it hurt her or not. But Dan didn't. Sally watched his huge prick throb. Just as Fay yelled, as her little pink clit pulsed, a gush of yellowish-white spunk sprayed all over Fay's cunt mouth, then up across her belly. Once free of Fay's pussy, he moved his ass, fucking his gushing prick along her tummy. His moans of relief were vivid in Sally's ears.

Fay whined and bucked her pretty ass, her long legs shaking, her little hard, pointy tits

arching high. "Oh, that's sexy!" Fay breathed.

Dan finished, he fell over at Fay's side, and Sally rushed onto the bed. She swept between Fay's still-opened thighs and glued her mouth to her pretty daughter's still-virginal pussy. She began licking the spent jizz up in her mouth, licking and slurping, loving the taste of hot spunk.

"Oh, Mom, is that jizz good?" Jan asked.

Sally hardly heard her daughter. She was busy lapping jizz from Fay's trembling belly.

"Move over and suck his prick, Mom!" Eva exclaimed. "There's a lot of spunk on it!"

"I'll decide who sucks my prick," Dan said, his cock now resting half limp on his hairy belly. He looked at Jan. "Come her, you sexy little blonde. Do you want to take my cock in your mouth?" "Oh, Daddy, I sure do!" Jan exclaimed, quickly circling the bed, her cute ass undulating. Jan leaped on the bed, crouching at Dan's left, leaned her head down and began licking up dribbles of jizz.

Greedy slurping sounds came to Sally's ears as she continued to suck her sexy daughter's cunt. Dan was still the boss in the bedroom.

"This is where a cock belongs, Fay," her father muttered as his ass muscles tensed. "Right in a sexy girl's cunt!"

Sally trembled, her tongue shooting into Fay's tight little cunt. She was still sucking out droplets of jizz that had spurted up inside Fay's virginal cunt. Spunk and pussy dew. It was a totally delicious feast.

"Oh, eat me till I cum, Mom!" Fay breathed, her flat belly fluttering, her legs restless. "I really wanted Daddy's cock! But I'll settle for your tongue!"

Sally moaned into her cute daughter's cunt, stroking her tongue faster. Sally realized suddenly that Eva was moving to the foot off the bed, sliding toward Sally's crotch.

Sally lifted her ass, spread her thighs, and Eva giggled, squirming until her head was between Sally's spread-apart legs.

"Mom, your cunt's really pooched out!" Eva giggled.

Sally whined into Fay's cunt, feeling Eva's hands caress her ass. Then a warm, wet tongue wriggled along Sally's dewy cunt slit. The delicate tongue shot into Sally's cunt.

"Mmmmm, off, ohhhhh!" Sally blurted.

Eva's hands gripped Sally's ass, Eva began the swirl and flick of her busy little tongue, sent

tremors all through Sally's body.

Now Sally could see Jan lift her head, take Dan's hardening prick in her right hand, and kiss the swelling cockhead. Jan's fresh, red lips spread around Dan's cock-knob.

"Jan, baby, I didn't know you could suck prick!"

Jan giggled, opening her lips farther. Dan loved it. Sally loved the feel of Eva's mouth on her swollen, dripping cunt. Eva had almost all the cunt juice drained from Sally's cunt, and now she glued her lips to Sally's tensing, cum-ready clit.

"Swing that pretty little ass around here, Jan" Dan chuckled. "I want to eat your nice, fresh pussy."

"Ohhhhh!" Jan giggled, her mouth still wet with Dan's cock juice and traces of jizz. "I hoped you'd eat my cunt, Daddy!"

Sally was enjoying herself too much to offer any comment. The entire family was now pleasantly involved in sex games. Dan hadn't been able to tear Fay's cherry, but Fay had had her cum fun against his prickhead.

Jan was now above her father, her crotch aimed at his face.

"Hold it right there for a second, honey," Dan said. "Let's see what we've got here."

"Okay, baby," Dan said. "Bring it down here so I can eat it."

Her cunt came down and Dan's long tongue snaked up into her pussy. Dan's hands were gripping her ass, pulling her cunt lower. Jan whined as she spread her lips around his thick shaft and took more of her father's now-rigid prick into her mouth.

"Ohhh, Mom!" Fay whined, her hands stroking across her tits. "Make my pussy cum! I need it real bad!"

Sally was so involved with enjoying Eva's mouth on her own puffy, achey cunt she almost forgot about Fay. Well, Fay could wait. She'd had a big cum against Dan's throbbing, spurting cock. Sally needed her cum fun, too.

Resting her mouth on Fay's dainty, shivery cunt, Sally tipped her cunt lower, and felt the clinging grip of Eva's lips. Eva certainly knew the ins and outs of sucking cunt.

Suddenly Sally felt Eva's finger pushing at her asshole. That knowing little cunt. There weren't many secrets left around the Ward house. Eva knew how Sally loved having her asshole poked and teased.

"Come on, Mom!" Fay cried, thrusting her cunt at Sally's mouth. "Draw the cum out of my cuuuuuunt!"

The pump of Eva's finger in Sally's twitching asshole, the suck of Eva's lips on Sally's stiffened clit, brought Sally right to the edge of her cum. It was so hard to give Fay any sucks and cunt kisses while Sally was almost ready to cum on Eva's cloying mouth.

Jan's blonde head rose and fell in seductive rhythm as she gobbled her father's cock. Slushy sounds came from Jan's crotch where Dan was lapping and sucking his daughter's sweet,

virginal pussy.

Sally felt like she had another hot balloon in her belly and cunt, ready to explode. Eva was sucking string after string from Sally's flexing clit. Fay whimpered and urged her pussy tighter to Sally's mouth.

"Damn it, Mom, make me cum!" Fay gasped, stroking her hips. Fay's cunt drooled wetness out on Sally's mouth. Eva's lips stopped sucking Sally's clit, and Sally lashed her tongue into Fay's cunt. She adored tongue-fucking her daughter.

"Uhhh, fuuuuucking shiiiiit!" Fay cried. "My cunt's cumming!"

Eva went to work again on Sally's cunt. Fay softened and rested, leaving Sally free to concentrate on the sensations Eva was arousing in her cunt and clit. Sally lapped up pussy juice, Fay's cum wetness. Sally could enjoy that while Eva nibbled and gnawed at her cunt.

Suddenly Sally saw Jan lift her head from Dan's prick. Her pretty face twisted, her cute ass shook. Dan's face was buried up in his blonde daughter's cunt, and he had a finger pushed into Jan's dainty little asshole.

"Oh, Daddy!" Jan whimpered. "Ohhhh, my pussy is cumming! Ohhh, it's real good! I love that finger in my ass! Uhhhhh! Suck the fun out of my cunt! Uhhhhh!"

Just as Jan had her cum, Sally felt the start of her own. The view of Dan's huge prick, all wet with Jan's saliva, shiny and hard, filled Sally with even more lust.

Sally shook and trembled in her cum, her cunt mouth clenching and tightening, her clit pulsing beautifully. Eva sucked the cunt flow from Sally's pussy. The whole family loved cunt juice and spunk.

"Oh, you sure came hard, Mom!" Fay giggled. She crawled from the bed, lurching into a chair, her pretty thighs sprawled open, her cunt very puffed.

Her cum finished, Sally rolled onto her back, and Eva slid up between Sally's legs. How sweet to feel her lovely young daughter's wet, slick pussy pressed to Sally's cunt.

Dan and Jan were changing positions, too. His finger was no longer in her asshole. She was on her back, and Dan moved between her long slender thighs.

"Oh, Daddy, please get your big long cock in my pussy!" Jan whined. "I need prick! Tear my cherry and shoot a big load of jizz up in my cunt!"

Dan, crouched on hands and knees, smiled down at his blonde young sexpot daughter.

"I've had my finger in there, Jan baby, and it's even tighter than Fay's cunt!" Dan grinned. "I don't want to rip your cherry just yet, anyway. I want to enjoy your body and your mouth and tits, I want to think about it and look forward to it."

"Oh, Daddy, that's just mean!" Jan giggled. "You sure did eat the fun out of my pussy. I love that!"

"You suck a lot of cock, too, Jan," Dan chuckled. "You're very good at it. You almost

sucked my jizz."

"Let me, Daddy! Please!" Jan pleaded. "You shot a big gob of spunk right at Eva's cunt. Shoot a load in my mouth!"

"I'd like to dump a wad up in your pretty little asshole, Jan," Dan smiled. "But it's even tighter than your pussy. The thing is, we don't want to get in a hurry here. You girls can have your fun and two of you can keep your cherries awhile."

"I heard that, Dad," Fay said. "I think it's mean, too. We want prick!"

Dan looked over at Fay. "You and Jan will get cock sooner than you think. Hell, enjoy."

Jan reached down and caressed her father's tensing prick, drooling with wetness. Shiny strings glistened in the light as they leaked down on Jan's belly. Jan giggled and smeared the dribblings on her pussy.

"Well, Daddy, do I get to suck your prick some more?" Jan asked her father.

"No, I want you on top," Dan grinned. "Get your little cunt hole at the root of my prick and get yourself off."

"Oh, Daddy, you sure are a lot of fun!" Jan giggled.

"Oh, Daddy! My pussy is cumming! Ohhh, it's real good! I love that finger in my ass! Suck the cum out of my cunt!"

Sally watched Dan move down on his back, and Jan quickly straddled him. She dropped her swollen cunt against the base of his prick, rotating her ass.

"Oh, this is goooood!" Jan giggled. "My clit is right on your cock. Mom, did you ever try this way to fuck?"

Sally shuddered. "No, Jan. Your father got his prick in me when we fucked. It's better that way."

"Oh, I know that!" Jan giggled. "Come on, Daddy, play with my tits. Ummmmm! If you won't rip my cherry today, please give me a lot of cum fun!"

"I'll make that little pussy cum so many times you'll fall over in a faint," Dan chuckled.

Eva's slow fuck thrusts brought Sally back to her own body. She spread her legs wide and tilted her cunt up so Eva could fuck it easily. The slick, wet, cloying smash of cunt on cunt shot stings of delight along Sally's body.

"What about me?" Fay asked, from her chair.

"Finger-fuck your cunt, Sis," Jan muttered.

"Just don't rip your cherry!"

"Get one finger up your ass, too, Sis," Eva

said.

"You think you're so damn smart, taking prick," Fay said. "Jan and me, we have to wait for it!"

"Girls, don't fight," Sally broke in. "Dan knows best. If your cunt is too tight for prick, okay. He doesn't want to hurt you or Jan. Now let's go ahead and enjoy ourselves."

"I'm having a good time, Mom," Eva whispered, thrusting her cunt slowly into her mom's swollen cunt.

"You sexy little fox," Sally breathed, hugging her daughter.

Eva continued to fuck slowly, lingering after each thrust. Sally felt Eva's little clit poking at her clit.

"Ohhh, I'm starting to cum, Daddy!" Jan gasped, her narrow ass bobbing up and down, around and around.

"Let your pussy cum, Jan," Dan encouraged.

"Ohhhhhh!" Jan whimpered, her cute ass flying. "Jesus, shit! My cunt's cumming, right now!"

Sally heard the sexy slap-slap of Jan's puffy cunt against her father's cock-root, and trembled with delight. Dan was hoarding his jizz. He might let Jan suck out a spunk load, and he might not. That was one thing that made Dan so appealing. Often he surprised Sally.

"Well, let your pussy cum, Jan," Dan urged, cupping her cutie-pie tits. "Have a big one!"

The swift, dramatic thrusts and bounces of Jan's hips was a delight to watch. Dan's wide grin told Sally again that the dainty blonde Jan was his favorite.

I hope I see Dan tear her cherry, Sally thought. I bet he could have forced his prick into Fay's cunt, too. He's like a big cat, playing with a mouse.

"Uhhhh, ohhhh, fuuuuucking shiiiiit!" Jan wailed, her face twisted with lust. "Oh, Daddy, I'm cumming real big and hard!"

"That's the way to cum, baby," Dan muttered, squeezing Jan's cupcake-sized tits. "Shoot your cum right at my prick!"

Sally watched Jan finish her cum, and Eva humped faster. The scene excited Eva, Too. Her cute little ass worked swiftly, her tiny clit tensing and throbbing. Suddenly she cried out, her slim body shook.

"Fuuuuuuck!" Eva whimpered. "Oh, Mom, cum with me!"

"I'm cumming, honey!" Sally moaned. "That's the way, fuck your little cunt right in my cunt! Ohhhhhh, you sweet young thing! You feel so damn good!"

Sally felt the hot balloon explode in her belly, and a torrent of spasms gripped her cunt. She bucked and kicked, whimpering with joy. Eva down-fucked and Sally up-fucked. The slippery pussy flesh bouncing and squirming into Sally own leaky cunt hole gave her a delicious sensation.

Eva stopped thrusting and rested limply in the saddle of Sally's thighs. Both were panting unevenly, savoring the last twinges of their cums.

Sally slid her right hand down to Eva's ass and pushed her finger into the tight little asshole.

"Oh that's good!" Eva breathed. "Mom, you awful thing, you!"

"It sure is nice and tight, Eva," Sally breathed.

Jan was so pretty, above her father, her legs tight at his sides, her cunt mashed to the root of his huge cock. His prickhead, resting on his belly, oozed a lot of fuck juice. His piss hole looked really big, like he was almost ready to shoot a wad of jizz.

A stream of yellow piss splashed across his belly. Jan looked down at his prick and giggled.

"Dad, that sure is sexy," Jan said. "Want me to piss?"

"Yeah, splash it all over my belly and balls," he muttered.

Jan laughed, lifted her drippy, swollen cunt, and a flow of yellow piss rushed from her cunt, mixing with Dan's piss. The flood of mingled piss dribbled and flowed, running down across Dan's belly and onto the bedsheet.

Sally felt Eva tremble. Eva looked at Sally. "Mom, let's piss, too! We both had our cums. Keep your finger up my ass, too."

Sally trembled, letting her piss go, and Eva began to flood Sally's cunt and asshole with warm, yellow piss. The rush of bladder liquid was almost like jizz splashing around on Sally's belly.

"Oh, that's good!" Eva exclaimed, her asshole tightening on Sally's deep finger. Eva settled down on Sally's body again.

Fay remained in the chair, legs apart, her finger fucking in and out of her swollen, hairless cunt. Her left hand cuddled her tits, first one,

then the other.

Sally looked over at her pretty daughter. "Haven't you had your cum yet, honey?"

"No," Fay said. "Fuck! I want two or three more, at least!"

"Maybe that little cunt is all shot out for now," Sally giggled. "a pussy can't keep cumming forever."

"I'll make it cum or bleed!" Fay whimpered, her right hand whipping at her uptilted cunt.

"Cum, Fay!" Eva urged. "Cum big!"

"Uhhh, ohhhh, fuuuuucking shiiiiit!" Fay cried, arching her hips even higher.

"Is it cumming now, honey?" Sally asked, trembling with excitement.

"Almost!" Fay whined, her long legs shaking. "Mom, say something real dirty! That'll make my cunt cum."

Sally stared at her daughter's hand-manipulated pussy. She did want to help Fay get her gun off one more time, at least.

"Cum, Fay, cum!" Sally cried. "Next time your father will get his prick up in your cunt and spray it with jizz! Can't you just feel all the prickmeat in your snug little cunt? Can't you feel his big balls pulling up? Can't you feel his big cock throb?"

"Uhh-ohhhh, fuuuuck!" Fay cried, her ass lifting. "Uhhhh-yes, it's cumming now, Mom! Oh, Jesus fucking shiiiiit! My clit's cumming, my cunt's cumming!"

The shakes of Fay's body gave Sally deep pleasure. Helping her daughters have their cums was so utterly divine. Fay whimpered and continued to whip her pussy as she enjoyed her cum. Finally, her hand fell to her side, she

slumped in the chair, eyes closed, breathing heavily.

Dribbles of cunt juice oozed from her expanded cunt mouth. Fay's clit lost its stiffness, disappeared into the folds of her cunt flesh at the upper reach of her puffed-out cunt.

Finally Fay opened her eyes and smiled at Sally. "Oh, Mom, that was wonderful! You know how to make my cunt cum real hard!"

"I'll do better the next time I tongue-fuck your pussy," Sally giggled. "A finger up your ass will make you cum even better."

"Mom, you're so filthy!" Fay giggled. "I've had it, kids. I gotta take a nap. My pussy really is shot out for now."

The girls left.

"I can't get over the change in you, Sally," Dan said, his right hand fondling her tingling cunt. "You're better fucking than you ever were."

Sally giggled. "Now that the girls are gone, I can tell you, stud. I caught them playing with their cunts. Sitting and facing each other, tickling their clits. Before long they were eating pussy and cumming like veterans!"

Sally reached for his swelling, wet-headed cock and squeezed it. Her cunt was already drooling juice onto his fingers.

Dan chuckled.
